Democrats Face Civil Rights Fight

Truman Takes Stand Against Compromise; Ike Gains on Taft

By The Associated Press

A no compromise stand by President Truman on civil rights has put a new head of steam behind the free-for-all race for the Democratic presidential nomination.

And a week-end sweep of Oregon's 18 delegates to the Republican national convention by Gen. Dwight D. Eisenhower narrowed the GOP race between the General and Sen. Robert A. Taft of Ohio.

This week's delegate harvest gets under way Tuesday in Montana, where the Democrats and the Republicans both hold state conventions. During the week, 105 delegates are to be picked in six states scattered throughout the nation.

The Democrats will name 70 representatives to their national convention, and the Republicans 35.

There are no state primaries this week. All delegates in both parties will be chosen by state party conclaves. The Democrats will pick up 12 delegates in Montana tomorrow, 32 Thursday in North Carolina, 20 Friday in Louisiana and six Saturday in Delaware.

The Republicans will select eight delegates in Montana Tuesday, 24 in Washington state Saturday and three the same day in Minnesota.

Hawaii Republicans decided last Saturday their eight delegates should go to Chicago uninstructed.

Within 38 Votes

Eisenhower's lead in Oregon's GOP primary — where Taft was not on the ballot — and capture of all 12 of Vermont's delegates, put him within 38 convention votes of Taft in The Associated Press Tabulation. The AP tally is based on delegates pledged, instructed, or willing to express a first ballot choice, and on candidate concessions. The Taft forces claim about 450 delegates.

The AP tabulation now gives Taft 375, and Eisenhower 337, out of 914 delegates so far named. There will be 1,206 delegates to the GOP convention, with 604 needed to nominate.

President Truman set off a drive for a vigorous civil rights plank in the Democratic platform with a Saturday night speech to the Americans for Democratic Action (ADA). Truman demanded enactment of proposals he has submitted to Congress for a Fair Employment Practices Commission (FEPC) with enforcement powers to prevent racial job discrimination. This is the issue that stirred up a southern Democratic revolt in the 1948 presidential race.

The Presidents call for no retreat from the 1948 Democratic platform — civil rights and all else — may have knocked out a plan by Democratic National Chairman Frank E. McKinney for a compromise on the issue this year.

No Endorsement

ADA will make no endorsement of a presidential candidate until after the major party nominating conventions in July.

Delegates to the ADA convention voted unanimously Sunday to defer action because to do otherwise, a political policy statement said, would "weaken our strength at the national conventions" in Chicago.

Among the Democratic presidential candidates Sen. Estes Kefauver of Tennessee had 114 delegates in the AP tabulation, having picked up 12 convention votes in the Democratic side of the Oregon primary. On a television program yesterday (NBC's Meet the Press"), he claimed 127 delegates. His closest competitor, Mutual Security Administrator W. Averell Harriman, had 92½.

Taft Men Expect Montana Victory

HELENA, Mont. (AP) — Backers of Sen. Robert A. Taft confidently expect to capture at least six —and perhaps all— of Montana's eight national delegates at the state convention here tomorrow.

Supporters of Gen. Dwight D. Eisenhower say only they hope to obtain a split delegation.

The Taft organization is bring-

Recognizes Late Principal

Plaque Honoring Orcutt Unveiled

—Photo by Stewart

ORCUTT PLAQUE UNVEILED. Pictured above at a ceremony dedicating a plaque at State Street Junior High School in honor of the late W. E. Orcutt, principal, are, left to right: Lester L. Dickey, superintendent of schools; Edward Orcutt of Delaware, Mr. Orcutt's son, Mrs. Mary Orcutt, his widow; Norman Fogt, who succeeded him as State Street principal; and John E. Beer, faculty member who participated in the dedication ceremony. The bronze plaque was dedicated Friday.

A bronze plaque in memory of the late W. E. Orcutt, former principal of Central and State Street junior high schools, was dedicated Friday morning at a special ceremony in State Street Junior High School. Mrs. W. E. Orcutt, widow of the late principal, unveiled the plaque and spoke briefly.

Sterling Moore, president of the Student Council, presented the plaque in behalf of the student body and faculty. It was formally accepted by Supt. of Schools L. L. Dickey, representing the school administration, and by Principal Norman Fogt, representing State Street School.

"In The Garden" and benediction were sung by the school choir. John E. Beer, a member of the faculty, offered a closing prayer. Members of the Student Council and representatives of student organizations attended the ceremony, which was broadcast into classrooms for the remainder of the student body.

Also present were the late Mr. Orcutt's son and daughter-in-law, Mr. and Mrs. Edward Orcutt of Delaware, and his brother-in-law and sister, Mr. and Mrs. Robert B. Barker of Mansfield.

The plaque is located in the main hall of the school, near the principal's office. It reads: "In special recognition of W. E. Orcutt, principal 1925-1951, whose devotion to the children of Central and State Street Schools cannot be measured in words." It was purchased from contributions of students and faculty members.

Negotiators Bicker Over Truce Issues

Top U.N. Spokesman Calls Red General's Statement a Lie

MUNSAN, Korea (AP)—The top United Nations truce negotiator today labeled an "out and out" lie a Communist denial that the Reds had agreed to Allied screening of captured Reds.

Inside the Panmunjom conference tent, Vice Adm. C. Turner Joy, senior U.N. delegate, told the Reds:

"Had the results been to your liking you would have enthusiastically welcomed the product of the screening."

North Korean Gen. Nam Il replied

"It is inconceivable and nobody would believe that our side who is firmly opposed to the retention of our captured personnel by your side under whatever name could have agreed directly or indirectly to your so-called screening."

A recent Allied quizzing of Red prisoners of war showed that nearly 100,000 North Koreans and Chinese prisoners said they prefer death to returning to communism.

The 37 minutes of bitter debate today produced no progress. But the truce delegations will meet again tomorrow.

Joy did not use the word lie inside the conference tent.

But he told newsmen Nam Il began "to lie and deny they ever agreed to the screening."

U.N. Raiders Capture Hill, Rout Chinese

SEOUL, Korea (AP) — United Nations raiders fought into heavily fortified Communist bunkers Sunday, then directed U.N. artillery fire onto fleeing Reds on the Korea western front.

Allied troops used the sturdy Red underground shelters as protection from the rain of high explosives picking off the Communist troops in the open.

Filipino troops on the central front, using grenades and bayonets, killed or wounded every one of 40 Chinese defending a hill position west of Chorwon. The raiders from the Philippines' 20th Battalion combat team said 28 Chinese were killed.

The Filipino troops wore regular issue U.S. Army nylon and metal bullet-proof vests.

All Allied raiding parties returned to U.N. lines, a U.S. Eighth Army staff officer said.

Rival Rescue Teams Clash In Brazil

MIAMI, Fla. (AP) — Grim drama was being enacted deep in the Brazilian jungles today where a U. S. civilian aviation investigator and a Brazilian air force major tried to win freedom from a "wildcat" group of parachutists.

Gordon Bennett, chief advisor of the Miami international district office of the CAA, said 30 or more armed parachutists were holding Scott A. Magness, CAA aviation safety advisor from Miami, and Maj. Miranda Corea of the Brazilian air force.

He said they were being used as hostages in an attempt to gain transportation for the parachutists back to civilization from a helicopter landing strip 3.7 miles from the spot where a Pan American World Airways plane crashed April 29, killing 50 persons, including 10 Americans.

Bennett said the unauthorized expedition, led by Lino De Mattos, a deputy from the state of Sao Paulo, had been sponsored and financed by Adhemar de Barros, a former governor of Sao Paulo and mentioned as a possible candidate for president of Brazil in the next election.

Contract Talks Continue as Oil Strike Eases

DENVER (AP)—Company and union representatives returned to bargaining tables today in an effort to reach contract agreements and bring to an end the nation's 20-day oil workers' strike.

Week-end talks brought numerous settlements in scattered sections of the country.

A spokesman for the International Oil Workers Union (CIO), leader of a coalition of 22 striking CIO, AFL and Independent unions, estimated about 6,000 men have returned to their jobs or will do so today. Some 90,000 had walked out.

Results of contract voting of some 10,000 Sinclair Oil Corp. workers, members of the OWIU group, were expected during the day. Sinclair is the only firm with which bargaining is conducted on a nationwide basis. Plant-by-plant negotiations are underway elsewhere.

PRIDE OVER POLITICS

DENISON, Tex. (AP) — Gen. Dwight Eisenhower may have been brought up in Kansas and may be a Republican, but the citizens of Denison, Tex., want it be known he was born in Denison. So they raised $300 to build a replica of the general's birthplace for a June 4 parade in Abilene, Kans., boosting Eisenhower for the Republican presidential nomination. The money came from 26 Democrats and two Republicans.

High Court Not Ready With Steel Decision

Meets But Recesses Until Next Monday's Regular Session

WASHINGTON (AP) — The Supreme Court today recessed until next Monday without handing down a decision in the historic steel seizure case. The tribunal could announce a ruling before its next opinion day but whether it will do so is not known.

The nine justices have had the case since arguments ended last Tuesday on whether U. S. District Judge David A. Pine ruled correctly in calling President Truman's seizure of the steel mills "illegal and without authority of law."

But a major question before the court—whether the President has the inherent constitutional powers which the Justice Department claimed for him—is so complex that lawyers on both sides say a decision this soon would be surprising.

However, legal authorities here say that no matter how the court rules, it is not likely to issue a sweeping decision one way or the other on the question of the chief executive's inherent powers. These are powers not specifically set forth in the Constitution or the laws, and it was on these powers that Truman relied when he took over the steel mills to avert a strike.

The steel makers asked the Supreme Court to uphold Judge Pine's decision, delivered April 29, and restore the mills to them.

The Justice Department, legal arm of the President, asked the court to overturn Pine's ruling, and declare the seizure legal. The Supreme Court has stayed the effect of Pine's decision until it resolves the issue. Thus the mills have remained in government hands.

TRY SOMETHING NEW

BERLIN (AP)—The Communists came up with a variation today in their on-and-off baby blockade of West Berlin. They closed the Soviet Zone border to the Munich-Berlin train, one of the four major railroad links between West Germany and this Red-surrounded metropolis. Other rail and highway traffic across the Russion Zone to Berlin was reported normal.

QUIZ PLAYWRIGHT

WASHINGTON (AP)—Clifford Odets, noted playwright who has been described as a disillusioned ex-Communist, appeared before the House un-American activities committee today. The author has already been examined by the committee staff but behind closed doors. Committee members have not released his testimony.

Suspect In Brink's Case Is Released

Authorities Disagree Over Investigation Of Slaying, Robbery

BOSTON (AP)—Massachusetts and Rhode Island law enforcement authorities were at parting ways today as they sought solution of the fabulous $1,219,000 Brink's robbery and the gangland slaying of a wealthy road house owner.

The apparent break between law enforcement officials of these neighboring states became known Sunday night when Rhode Island's Atty. Gen. William E. Powers announced "Thus far, Boston authorities do not seem to be interested in the information available to us."

Powers accused Massachusetts authorities of showing a definite lack of interest in information which he said might lead to solution of the Jan. 17, 1950, Brink's robbery and the Saturday morning ambush shooting of 49-year-old Carlton M. O'Brien.

Powers made the accusation shortly after Joseph F. McGinnis, 48, former convict and Boston night club owner, had been released following lengthy questioning in the slaying of O'Brien, owner of a Warwick, R. I., dine and dance place and a Providence, R. I., diner.

Two shotgun blasts killed O'Brien in front of his lavish West Warwick home.

The attorney general said investigators in his state had uncovered information indicating that the O'Brien slaying was tied up with the Brink's job.

Named Ringleaders

Powers declared the Brink's holdup—the nation's greatest cash robbery—was planned by McGinnis, O'Brien and Alfred A. Gagnon of Pawtucket, R. I., a prisoner at Rhode Island State Prison.

Gagnon has named himself and O'Brien as planners of that daring robbery.

Powers said "we have a witness who is ready and able to give evidence before a Suffolk County (Mass.) grand jury that Joseph F. McGinnis planned the Brink's holdup with the witness and the robbery occurred exactly in accordance with their plans."

The attorney general did not name his witness.

However, Powers made this statement about one hour after talking to Gagnon at the prison where he awaits trial on an indictment charging attempted robbery of a Providence, R. I., diamond merchant.

Authorities released McGinnis after he claimed that he was in his own place of business in Jamaica Plain at about the time O'Brien was slain.

No Connection

Police Capt. Henry Miller of West Warwick, R. I., later said he had checked McGinnis' story and found the Boston man had no

SLAIN-SUSPECT. Carlton O'Brien (left), reportedly named as a ringleader in the $1,219,000 Brink's robbery of 1950, was shot and killed in front of his West Warwick, R. I., home Saturday. He was found by his wife after being blasted with a shotgun and pistol. O'Brien had a police record dating back to 1921. A few hours later, police picked up Jules Kenner, (right) 55-year-old Providence jeweler, and a friend of O'Brien's, who was named with O'Brien as a ringleader in the unsolved Brink's robbery.

Falls Into 90-Foot Crevasse

Mountaineers Battle To Save Trapped Youth

SPIRIT LAKE, MT. ST. HELENS, Wash. (AP)—A young University of Washington student lay trapped at the bottom of a 90-foot crevasse high on the icy slopes of Mt. St. Helens today as experienced mountaineers battled frantically to reach him.

The youth, 20-year-old Art Jessett, son of a Seattle minister, dropped from sight at the 8,000-foot level shortly aftern noon Sunday as he and three companions were descending the northeast slope of the mountain after a climb to the summit.

Jessett called to his companions that he was trapped in the narrow ice hole about 35 feet below the surface of the snow. He said he thought he had broken his arm. Then as the ice about him melted from the heat of the body he called that he was slipping.

The party's only rope went with him. It was looped about Jessett's shoulder.

Fail To Reach Him

Mountaineers from Seattle and Portland were called to base camp here at 4 a.m. PDT (6 a.m. EST) to aid in the rescue attempt. State patrolmen and members of the Mt. St. Helens ski patrol labored until nightfall Sunday without being able to reach the youth.

Bruce Ray, Seattle, a member of Jessett's party, said Jessett was about 300 feet behind the group when he disappeared.

When they returned to look for him, they found only a hole about the size of a man in the snow. Ray said the crevasse had been covered completely by the snow.

Ray said Jessett called: "I'm slipping."

While Ray skiied down the mountain for help, another member of the party, Ford Oliphant, 20, of Chehalis, intercepted six other climbers on the mountain and borrowed a rope.

Oliphant was lowered into the ice hole as the others braced the rope with ice axes.

Kept Slipping

Oliphant said he found an ice ledge about 60 feet below the rim of the hole where he was able to stand. He said the hole was about the size of his body.

"But as I stood there, the heat from my body melted the ice and I kept slipping," he said.

Oliphant said he heard two groans from about 30 feet below him—then silence.

Lift Controls On Textiles

WASHINGTON (AP)—The Office of Price Stabilization said today price controls are being suspended on raw cotton and practically all textiles including those made of wool, cotton and synthetic fibers.

OPS officials said Price Stabilizer Ellis Arnall signed the order this morning. Details are to be announced late today.

Oil Strike Forces TWA Curtailment

Trans-World Airline service to Marion was discontinued temporarily today because of the oil strike.

No flights will be going in and out of the Marion Municipal Airport but the TWA office will remain open to take reservations for Columbus flights. Columbus service was also cut but a few flights are still continuing.

The order suspended service to 16 cities including Marion, Mansfield, and Zanesville in Ohio. A TWA spokesman said he expects service to be resumed in about a week.

Lawyer Talks With 2 Held In Blast Death

Expected To Make Try for Their Release on Writ

The deadline for either filing charges or releasing the two Clevelanders held in connection with the slaying and dynamiting of Karl Kwinem drew near today.

A Cleveland attorney, Louis Fernberg, arrived in Upper Sandusky where Albert P. Lauerhass, 38, and Joseph Horay, 42, are being held. It is believed he will attempt to get the pair released on writs of habeas corpus. He visited the jail this morning and talked to the men being held on an open charge in connection with the slaying.

Ordinarily, charges are filed within 72 hours after an arrest, Marion County Prosecuting Attorney Ralph E. Carhart said. The 72-hour limit is up today.

One of the suspects, Lauerhass, was scheduled to appear in Marion County Common Pleas Court today to be arraigned on a charge of auto theft. Carhart said Lauerhass' $5,000 bond will not be forfeited if he was unable to be in Marion because of being detained by Wyandot County authorities.

Investigation Continues

Meanwhile, investigation of the killing continued. Sheriff Ben Stansberry, Deputy Karl Stansberry, and A. P. Fetter of the Ohio Bureau of Criminal Identification and Investigation from London, O., searched for evidence on the case.

The mutilated body of Kwinem, Cleveland filling station operator, was found May 8 in a woods in Southwestern Wyandot County. He was apparently shot through the head and driven to the woods where dynamite was set off over his body to destroy his identity.

Wyandot County Prosecuting Attorney Harold Roth was in Cleveland over the week end conferring with police there. He was expected to meet with Wyandot County authorities late today to give a report.

His report may reveal more details in connection with reports that Kwinem and the two suspects were engaged in a stolen car racket with an outlet for loot through a used car lot in Cleveland.

Ex-convicts Lauerhass and Horay were arrested in Cleveland by police there and brought to Upper Sandusky by Deputy Stansberry, Fetter, and Highway Patrolmen Sgt. Tom Morgan and Cpl. Mel Bassilous. Morgan was formerly in charge of the highway patrol substation in Marion.

Kwinem's blast-torn remains were released by investigators and claimed by his wife, Vera Kwinem, 28. The body was taken to a Cleveland funeral home. He is also survived by a daughter, Susan, 2.

Gen. Harrison New Chief of Truce Team

TOKYO (AP)—Maj. Gen. William K. Harrison was named today to succeed Vice Adm. C. Turner Joy on Friday as chief of the United Nations Command Korean armistice delegation.

Harrison, 56, a lay evangelist, has been a member of the Allied truce team since January.

$800 Million Investment Will Be Lost

Once-Thriving Foreign Trade Frozen Out By Communist Tactics

LONDON (AP) -Worn out by almost three years of constant Communist harassment, British business today was reported planning to abandon its 800 million dollar investment on the Chinese mainland and get out. The reported withdrawal, however, will not affect Britain's diplomatic recognition of the Peiping regime.

London newspapers said Foreign Secretary Anthony Eden will tell parliament Tuesday that British businessmen see no use trying to hang on in the vast Far Eastern country where, until the Reds took over, they had been dominant figures in foreign trade for more than 200 years.

British holdings in China are estimated at 300 million pounds (840 million dollars). The newspaper reports said the British owners will try to sell the holdings to Chinese government agencies but that no one is optimistic.

"The foreign office thinks the chances of the companies getting compensation for their abandoned property are very small," said the Daily Express.

The Communists ordered the seizure of all American properties on the Chinese mainland at the end of 1950. No compensation was paid.

Retaliatory Move

The Reds have seized outright only one British holding, however, the Asiatic Petroleum Co., in April, 1951. This was in retaliation for British seizure in Hong Kong of a tanker formerly owned by the Chinese Nationalist government and claimed by the Reds.

The properties the British are reported now planning to give up are located chiefly in Shanghai, Tientsin, Hankow, Canton and a sprinkling of smaller cities. Belonging to firms covering almost the entire field of commerce, they include factories, shipyards, warehouses, hotels and office buildings.

The firms include some of the greatest names in the history of trade in the Far East — among them the British-American Tobacco Co., the Shell Oil Co., Butterfield and Swire, Jardine, Matheson and Co.

Formerly 10,000 Britons ran the holdings in China. Now the scattered British colony totals only about 120 persons.

Getting them out may present keen diplomatic problems. Some western businessmen have been held in the past by the Chinese Red authorities until their employes were paid vast "settlement" sums set by the Chinese themselves.

The Daily Express said this was where the British government had been asked to step in and assist in the liquidation—"the government will help by safeguarding the interests of British employes." The Express did not say how.

Already Notified

The News Chronicle said a British decision to get out of China already had been communicated to the Communists in a formal note handed to Chinese premier and foreign minister Chou En-Lai. A British foreign office spokesman said he had no confirmation of the report.

Britain, in a policy split with the United States, recognized the Chinese Communist government in January, 1950, and sent a charge d'affairs to Peiping. The Peiping regime, however, has ignored his presence and has sent no diplomatic representative to London in return. The reports today said Britain, however, would retain her diplomatic toe-hold in China.

Nor would British control of the island of Hong Kong be affected by the withdrawal from the mainland, the papers said.

The withdrawal would follow a constant and progressive Red campaign against British businessmen since the Communists took

Montgomery Grange Marks Mother's Day

Three applications for membership were received at the regular meeting of Montgomery Grange held recently in the Grange Hall at DeCliff.

Mrs. Clifton Wenig and Joe Miller, youth committee chairman, were in charge of the program. An article on the origin of Mother's Day was read by Mrs. Grace Kennedy, and a poem was read by Mrs. Lois Snare. A men's group presented a vocal selection. Mothers were given flowers, and the oldest and youngest mothers present received plants.

Pictures on milk products and milk sanitation were shown by the Rev Marvin Crabtree. It was announced that Rural Life Sunday is May 25 at the Mecker church with the program beginning at 8 p.m.

Mr. and Mrs. Charles Bloomingdale and Mr. and Mrs. Richard Boblenz were appointed as refreshment committee for the May 27 meeting.

Mrs. Cletus Uhl won first prize in a cookie contest with second prize awarded to Mrs. Claude Courtad. In the juvenile division, Sandra Courtad won first prize and Eloise Snare, second.

Winners in a sewing contest were Mrs. Wenig, first, and Mrs. Uhl, second. Anita Coon, Nancy Schultz, Marjorie Snare and Marilyn Snare won prizes in the juvenile division.

Refreshments were served by members of the Juvenile Grange.

SHOWS HIS BADGE. Vice President Alben Barkley displays his United Steelworkers of America convention badge in Philadelphia, where he told the delegates, "Whatever the decision of the Supreme Court . . . it will not and cannot settle the wage question . . . It can only settle the constitutional question of whether the President of the United States in an emergency . . . has the right to take over."

Marion To Be Host To U.S. Sheep Raisers

National convention of the Corriedale Association will be held in Marion July 7-8, it was announced today.

Holding the convention here is a definite honor for Ray R. Gatewood, Marion County farmer and president of the association.

Activities will consist of a show of Corriedale sheep, a sale, and the group's annual meeting. Sheep from Utah, Wyoming, Colorado, Missouri, Iowa, Indiana, Pennsylvania, and Ohio will be shown. In all, 150 head of Corriedale sheep will be sold.

The convention will be opened with a meeting at the Hotel Harding the night of July 7. Election of officers will be held and a discussion of problems. The showing and sale will be held at the fairgrounds.

The Corriedale sheep is a product of New Zealand. It was brought to this country about 20 years ago and has become popular because of its dual use both as mutton and wool.

Service Held By Protected Home Circle

Memorial services for members who died during the past year were conducted by Mrs. Margaret Russell and Mrs. Lesla Smithson when the Protected Home Circle met Friday night in the IOOF Hall. Mrs. Marie Schultz presented a vocal selection.

Mr. and Mrs. C. I. Smithson were elected to attend the Grand Circle of Ohio in Canton June 6 and 7. Announcement was made that Mrs. Alma Anderson has been appointed to a Grand Circle state of the order committee.

Mr. and Mrs. Smithson took the parts of bride and bridegroom in a mock wedding ceremony conducted in honor of their 50th wedding naniversary, which they observed May 15. Taking part in the ceremony were Mrs. Dessie Carpenter, Mrs. Schultz, Mrs. Russell, Mrs. Helen Johnson, Mrs. Lucille Predmore and Mrs. Ruth Arndt. Mrs. Florence Everly was pianist.

A gift was presented by the circle to Mr. and Mrs. Smithson. Refreshments of ice cream and cake, decorated with gold and white, were served in their honor by the social committee, headed by Mrs. Carpenter.

The program also included a reading by Mrs. Dortha Eaton and a vocal duet by Mrs. Dessa Sharpe and Mrs. Russell, accompanied by Mrs. Everly.

Edison Junior High School Y-Teens Entertain Mothers

Mothers and guests of Edison Junior High School Y-Teen members were entertained at a Mothers' Mixer Wednesday night with more than 200 attending. The event was held at the Epworth Methodist Church dining room, and the special feature of the program was put on by style representatives from a large Columbus department store in line with the emphasis, "Growth In Poise." Music was by members of the hostess group.

Programs in booklet form were at each place, and listed under the heading "The Edison Y-Teen Garden Co." were the names of those taking part. On the tables were small potted plants for each one present as favors combined in a decorative note, and lipstick samples were provided by the guests from Columbus. Flowers were presented the youngest mother attending, Mrs. Clyde Cocherl, and to the oldest mother, Mrs. C. J. Smith. Mrs. Carl Gallina, mother of eight daughters, was presented a decorated cake. Introductions of these mothers were made by Mrs. H. W. Jacobs, one of the Y-Teen counselors.

Special Guests

Special guests also were Mrs. Vernon Street, president of the city wide Y-Teen Council last year, Mrs. Joseph Scandling, representative on the council from Edison School and Mrs. Harold Runkle of Dayton, formerly of Marion and head advisor last year.

While the guests assembled before entering the dining room, piano music was by Linda Price and Sally Faust. Prayer at the table was by Rena Rech.

A welcome was given by Ann Arthur, and her mother, Mrs Floyd Arthur, gave the response. Miss Mary Ellen Matson presided at the piano for group singing. A duet was by Vera Trent and Joyce Messenger. Two instrumental groups included a clarinet ensemble composed of Diane Gillis, Nancy Wick, Sondra Coon, Carolyn Bradley and Sondra Reed, and flute trio, Sue Foreman, Carol Keck, and Sandra Jenkins.

Presents Models

Miss Peggy Clark, the Columbus stylist, presented three teenage models who demonstrated proper clothes ensembling, proper harmonizing and contrasting of colors and accessories, clothing for sports, daytime and evening wear and gave hints of good grooming and manners. The basic steps in the art of modeling were shown with Sue Foreman as the "pupil." The Columbus models presented were Mollie Warren, high school junior, Marilyn Hollern, the "perfect college girl type," and Taffy Rogers, "junior miss."

Introduction was made of the officers for the year beginning next fall, Linda Linscott, Connie Morrison, Helen Haughn, Rena Rech, Sue Graham, Linda Price and Cynthia Snow.

To close the evening, a "friendship circle" was formed around the room as the "Lord's Prayer" was sung. It was announced that parents and friends are invited to assembly at the school May 23 when the new Y-Teen officers will be installed.

THE REV. G. R. KLINEFELTER

—:—

Receives New Church Post

Former Beech Pastor Accepts Kentucky Call

BEECH — The Rev. G. R. Klinefelter of Butler, O., a former resident of the Beech community, has been appointed to serve the Red Bird Mission of the Evangelical United Brethren Church in Leslie County, Kentucky. He and his wife will visit here next week before taking up their new work.

He will be the guest speaker Tuesday at 8:00 p.m. at the Rural Salem Evangelical United Brethren Church here.

He is the son of Mr. and Mrs. H. H. Klinefelter of the Beech community east of Marion. He will be the elementary teacher and pastor of a community called Gearsy Fork near Hyden, Ky.

Mrs. Klinefelter, who is a graduate nurse, anticipates starting a small dispensary. She is a graduate of the nurses training school of Indiana University and a native of Wisconsin.

The Rev. Mr. Klinefelter graduated in 1939 class of the Claridan High School. He was recommended to preach from his home church, the Rural Salem Evangelical United Brethren Church here, and licensed by the Ohio Conference in 1943. Both he and Mrs. Klinefelter are graduates of Taylor University, Upland, Ind., class of 1945. He received his B. D. Degree from Evangelical Theological Seminary Naperville, Ill., class of 1947.

The Klinefelters have served in two pastorates, the first near Ashland, O., and the present pastorate at Butler. They have two sons, Larry and Danny, ages four and two. Both have done youth work, counselling in summer camps and Boy Scout camps. They expect to take up their new work in June.

The services are under the auspices of the Woman's Society of World Service and Youth fellowship missionary organizations of the Salem Church. Mrs. Charles Howser is president of the WSWS, and Paul McChesney, president of the Youth Fellowship. The Rev. A. E. Clark is the pastor.

Navy Academy Exam Set In July by Betts

Eighth District Congressman Jackson E. Betts today announced that the Civil Service Commission will conduct an examination for designation to the United States Naval Academy on Monday, July 14. There will be no vacancy at West Point since no Eighth District cadets are scheduled to graduate this year.

The purpose of the examination is to aid Congressman Betts in selecting one appointee to the Academy for the 1953 class. Mr. Betts is utilizing the Civil Service examination as a basis for selection because he feels that all who are interested should be given equal opportunity to qualify.

To be eligible, a candidate must be a citizen of the United States; of good moral character; must never have been married; must have reached his 17th but not his 22nd birthday by July 1. Candidates temporarily absent from the Eighth District on military duty or for other just cause may be examined elsewhere upon certification by Congressman Betts.

Since the examination will be open only to candidates designated by members of Congress, each applicant must submit his name, address, and date of birth to Congressman Jackson E. Betts, Rm. 442, House Office Building, Washington 25, D. C. by May 27.

Applicants will be notified where to report for the examination.

Toward a Better Understanding . . .

These messages have one chief purpose. It is to bring better understanding of what people have every right to expect when it becomes necessary to make funeral arrangements.

The management of the Hughes Funeral Home believes that Marion families are entitled to full value for their money in funeral service. The best way to assure that value is to know more about it.

Beyond the facts given in these messages, we invite full inspection of our facilities. We also will furnish any added information desired.

166th Infantry Assoc. Plans Spring Reunion

The 166th Infantry Association, whose members are veterans of all the wars since the Spanish-American, will hold their spring reunion at Deibel's Grill, Whittier and Jaeger Sts., Columbus, O. at 7:30 p.m., Saturday, May 24.

The 166th Infantry, formerly the 4th and 14th Ohio, has served central Ohio in peace and in war since its organization in 1877.

Many Marion area men are members of the Association.

An estimated 30 per cent of the retail price you now pay for an automobile is taxes, according to The American Magazine.

UNDER TREATMENT. The recent operation on Gen. Hoyt S. Vandenberg in a Washington hospital has reportedly revealed his ailment as of a more serious nature than was first reported. Exploratory surgery was ordered for the Air Force Chief of Staff, who is suffering from an abdominal condition. He is showing satisfactory progress, it was said.

Mothers-Daughters Honored by Lodge At Dinner Meeting

A six o'clock dinner followed by a program honored mothers and daughters of Pride of 35, Lodge No. 79, Auxiliary to the Brotherhood of Railroad Trainmen, Monday, May 12. Tables were decorated with miniature baskets filled with dogwood. Judy Williams gave a recitation and Mrs. Margaret Smith, accompanied at the piano by her daughter, Lennette Smith, sang a solo.

During a business session one candidate was initiated and plans were made to entertain members of Lodge No. 316 at a 6 o'clock dinner on May 23.

Decorations for the dinner were in charge of Mrs. Carra Foust, chairman, Mrs. Delores Lohr, Mrs. Frieda Klehm, Mrs. Virginia Diehls and Mrs. Martha Masters. The dinner was in charge of Mrs. Lois Williams, Mrs. Lucy McMorrow, Mrs. Ruth Kelly, Mrs. Pearl Sidenstricker and Mrs. Naomi Beckley.

4-H Club News

The Big Island Girls 4-H Club met recently at the home of their advisor, Mrs. Roberta James, and refreshments were served.

Dinner Held By Jaycees

Thirteen members were present at a dinner meeting of the Junior Chamber of Commerce Thursday night in the YMCA. President Charles Turner reported on the state JCC convention held in Cleveland last week.

Jack Lautenslager reported on the inaugural banquet for installation of officers scheduled for June 19. The Little League Baseball program in Marion was discussed.

Preliminary plans were made for the appearance of Ringling Bros.-Barnum and Bailey Circus in Marion July 30, under sponsorship of the Jaycees. The circus will be presented on the McIntire lots, formerly the Drake lots, at the corner of Fairground and Greenwood Sts. The advance ticket sale will start about June 30, according to William Luse, general chairman.

Wesley Circle Mothers And Daughters Dine

Thirty-three members and guests were present for the annual mother-daughter banquet of Circle Five of Wesley Methodist Church recently in the Vogue Room of Hotel Marion. The U-shaped table was decorated with candles and bowls of spring flowers. Favors were miniature pitchers filled with fern and small straw flowers.

Prayer preceding the meeting was offered by Mrs. W. A. Ginder. After dinner, a welcome was extended to daughters and guests by Mrs. D. J. Finley, and a response was given by her daughter, Miss Shirley Finley.

Special awards were presented to Mrs. Homer Moehn, Mrs. Dale Kimbel, Mrs. Vaughn Greer and Mrs. Harry Buckingham. The arrangements committee included Mrs. Ronald Mathes, Mrs Edward Sawyer and Mrs. Don Cox.

Marion County Sesquicentennial Committee Named

An executive committee was named and plans discussed for the county's observance of the state sesqui-centennial at a meeting of the Marion County Sesquicentennial Committee Monday night at the YMCA. Named on the committee were: Frank M. Foster, Dr. F. A. Stengel, Paul Hunt, Ray Beverly, Miss Helen Lawler, Mrs. B. N. Salzman and Mrs. Edwin Probst.

Tentative plans were discussed for schools taking part in a symbol contest and it was agreed school children would participate at the opening of school next fall.

Carl Lehner, chairman, reported on an exhibit at the state museum on the evolution of the telephone.

The next meeting will be held at the community room of the National City Bank's West Town Branch.

About 99 per cent of U.S. children between the ages of 5 and 13 were enrolled in schools during the 1950-51 term, says the Encyclopedia Americana.

APPETITE: GOOD. Almost every day 2-year-old Carilyn Norton goes to grandma's house in Washington to feed the baby robin hatched in a nest its mother built on grandma's bedroom window sill.

Council To Name Successor To Stafford Tuesday

City Council will form a caucus Tuesday night to pick someone to fill the vacancy on Council left by the resignation of former Councilman-at-Large George F. Stafford.

Council members will probably get together before a meeting of city and county officials called by Mayor Harold F. Robinson to hear a state official discuss the elimination of grade crossings in Marion. The meeting has been called by the mayor to hear N. W. Wilke, chief planning engineer of the State Highway Department, talk on the financial and engineering aspects of such a project.

Among the men suggested as possible successors to Stafford are Clifford B. Welch, recently re-elected chairman of the Marion County Democratic Central and Executive Committee, and William Simmons, a former member of City Council.

Council will probably make the appointment Tuesday night so that the new councilman-at-large will be able to sit at the regular meeting of Council the following Monday night.

Stafford resigned from Council last Monday to accept an appointment on the Marion County Board of Elections.

Polio Chapter Holds Election

Officers, headed by Dr. Frederick W. Rea, were re-elected at a meeting of the Marion County Chapter of the National Foundation for Infantile Paralysis Thursday at Hotel Harding. Carl Knirk was re-elected vice chairman and Mrs. H. R. Finney, secretary. David Isaly, who served as chairman of the March of Dimes, gave a report on the campaign. Mrs. Isaly also was elected a member of the chapter.

Meeting with the group was Miss Gaie Denn of Columbus, state representative of the National organization who discussed with the members the proposed United Appeals organization.

Carey Art Class Will Exhibit Work

Special To The Star

CAREY—An exhibit of local art will be held in Bernard's Furniture Store in Carey starting Friday and continuing until May 23. This exhibit will feature the amateur work of local people who have been attending an extension art course through Bowling Green State University.

The class started in January and has been meeting in Carey High School once a week since then. It has been conducted by Professor Otto Oevirk, and has been mainly for the teaching of oil painting, although several other mediums were occasionally used.

With this showing, the class will conclude the 19 week course. It has been attended by 21 persons from Carey, Upper Sandusky and Harpster. Many of the pupils are local teachers who have been able to add to their college credits through the course.

The following persons are members of the extension art course: Mrs. Treva Gunther, Mrs. Marie Schwemley, Miss Wealtha Wentling, Mrs. Gladys Crouse, Mrs. Phyllis Clark, Mrs. Charlotte Newhard, Mrs. Lucy Dromgold, Mrs. Roy Atvater, Miss Rose Ann Tschantz, Mrs. Harry Fox, Mrs. Glenn McCarley and Mrs. Sam McChesney of Carey; Miss Doris Crouse, Miss Priscilla Wright, Mrs. Case, Mrs. Rose Swigard, Miss Jean Swabel, Mr. White, Mrs. Graham, and Mrs. Deirmeyer of Upper Sandusky and Mrs. Rose Tschantz of Harpster.

High Cost of Gratitude

NO ONE can or will argue that the latest military pay bill passed by the House is too generous in its increases, even though they total more than half a billion dollars.

Nor will anyone object to the decision of the House veterans committee to recommend a new "Bill of Rights" for men who entered the armed forces after June 27, 1950. This would cost about a billion dollars a year.

These are recognition of the invaluable service performed by the men who make up the military forces of the United States—minimum recognition. It is only proper, however, to be aware that this is the only country which acknowledges that this kind of recognition is due and can afford to pay it.

The high cost of gratitude is a substantial item in the estimated cost of approximately $45 billion for military services and veterans' service and benefits in the fiscal year now ending. It is one of the reasons why as cautious an American as John Foster Dulles can say with deep conviction that the United States must find a cheaper way to security than the road it has been following.

It is unthinkable that American fighting men should be treated the way a Russian soldier is treated. This country has outgrown the subsistence policy of military service. But unless it quickly becomes thinkable that a higher quality of American statesmanship can think of something besides overwhelming a potential enemy with weapons, there eventually must be an acute shortage of wherewithal.

Micawber Plan

WHEN Charles Dickens had his Mr. Micawber say in "David Copperfield" that income and outgo had to be kept in balance to avert disaster, he was speaking of personal disaster.

The Micawber plan now is being put forth as a sound policy for the United States. House joint resolution No. 371 proposed by Rep. Frederic R. Coudert would impose a ceiling on 1953 federal spending limited by the amount the government expects to collect in taxes.

Rep. Coudert makes this explanation: "The bill is based on the fundamental principle that you must live within your income. Because of the pressure groups who come before Congress for money handouts for special purposes; because the federal government's budget has grown to such enormous and complex size, Congress just can't physically exert effective control on an item by item basis . . . It is time the nation get a charted course to fiscal solvency. If such a chart is not offered and accepted—and I believe my bill embodies such a guide—the ship of state may be wrecked—and soon—on the twin rocks of insolvency and productive paralysis."

It has not occurred so far to Rep. Coudert to call his bill the Micawber plan. But that is the key to understanding what it would do. Mr. Micawber's troubles with debtor's prisons are known to a generation which read Dickens but has neglected so far to read U.S. Treasury statements.

MacArthur and Dulles

WHETHER or not Gen. Douglas A. MacArthur and John Foster Dulles are talking about the same idea is a political puzzle at the moment.

But these two Republican figures—the first a general of the armies, the second a leading spokesman in the field of international relations—are describing the same danger in foreign policy.

MacArthur warns against the danger of a Garrison state set up and maintained under the excuse of imminent national danger. Dulles warns against the danger of a foreign policy which attempts to offset every move of the Communist conspiracy with a costly plan of military containment.

Thus, both men are talking about the problem of America's reaction from the Communist threat and how to forestall a proposed solution which might make the problem worse, instead of better.

They are saying, in effect, that the Truman administration's foreign policy thinking is too shallow to be reliable; that vastly more is required for national security than an endless series of countermoves which are dictated by the Kremlin's initial moves.

They are suggesting that the Truman administration's grasp of the international problem is not strong enough to assure American safety; that this nation is in danger of being dragged into a morass of militarism from which there would be no escape.

Did You Know

You don't have to go to a zoo to see giant pythons and other reptiles in Saigon, Indochina. You practically stumble over them in the streets. For almost daily, some young Vietnamese can be found with a python or other kind of snake wrapped around his neck and shoulders, and proudly showing off to all passersby. Sometimes the snake slithers off his caretaker's shoulders—and then there's a fast pedestrian movement in some other direction.

Gastronomic Interlude

By George E. Sokolsky

Value of Good Food in Promoting Friendliness

IT WILL, INDEED, be pleasant when the primaries, conventions and personal quarrels are over and we know who are the presidential candidates. In the campaign for the general election, there is little hate or vindictiveness. A Republican is expected to be a Republican and a Democrat is expected to be a Democrat and life wends its vituperative way.

In the primaries, it is different. In the first place, the candidates are friends, often of long standing. All the active workers have had personal association and have often worked together in other years. And the fact is that they will join forces in the general campaign, advocating the candidate they now oppose with even greater vehemence.

The current bitterness will melt on the final day of the convention and those who swore on a thousand Bibles, as the saying goes, that they would never, under any circumstances, vote for one or the other aspirants in their own party, will be loudest in their cheers when the nomination is made unanimous.

There will always be a few diehards, but on the whole, the preliminaries seldom leave unforgettable hatreds.

—:—

FOR EDITORS and columnists and such, this is a tough period, as what they put on paper will be held against them. As regards the Republican Party, this is particularly true, for many who are not professional politicians but only commentators of the affairs of the day, often do not care which Republican is nominated, if only someone drives the Truman gang out of the government. They do not wish to engage in vitriolic, vituperative personal partisanship from which they will have to retreat once the nomination is made. Furthermore, none of them hates Bob Taft or Ike Eisenhower, although they may favor one as against the other. They recognize that after July 12, they will support the will of the people in convention assembled.

On Mother's Day, I decided that I would drown my partisan sorrows in food. For the evening, I would forget primaries, statistics, Communists, supreme courts, Taft, Eisenhower and Kefauver and devote myself to old-fashioned German cooking. The family settled down in Luchow's to toast mother who, Anglo-Saxon in her taste, orders incorrectly.

—:—

IT TURNED OUT that Luchow's was celebrating its 70th birthday and the place was more crowded than usual, but we got a table next to Milton Berle, who was celebrating his mother's 75th Mother's Day or maybe it was a gag.

If there is anybody I would like to see defeated when he runs for president, it is this Uncle Miltie. I don't need any more uncles, but apparently my little daughter does. She adopted him, dated him, made him sign up, and when the clown kissed her on the forehead, she avowed she would not wash her face for a month. Imagine anyone failing for a guy like that when she has her handsome father to look at!

They had, on hand, their first menu, served on opening day in 1882. On that occasion, they charged 75 cents for the whole meal; in 1952, they were charging $5 for the same dinner!

As nobody could rise, to say nothing about walk, after devoting ourselves to German cuisine, we sat and talked about those things that one talks about when the children are around, and an old-fashioned string orchestra played old-fashioned music which somehow we heard and enjoyed. A very good time was had by all and there were no arguments.

It was raining when we left and no taxis were on hand. So I swiped John Ringling North's car and I hope he got it back in due course. A circus man ought to be able to handle such emergencies without making a federal case out of it.

—:—

IT WAS ALL very refreshing and nostalgic and nobody worried about who would be the President as long as it would not be a piano player. A violinist, we could take, but not a pianist.

Maybe, if Mother's Day came every day, we could solve all our great problems by drenching them in good food and drink and the sheer joy of living. I wondered, when my mind slipped for a moment, what would happen if all the candidates sat down to Sauerbraten mit Kartoffel Kloesse and perhaps with a stein of Pilsen, if the prohibitionists will forgive me. Maybe, the candidates would not want to be candidates, anymore.

Keep Moving

By TRUMAN TWILL

WHILE MEMBERS of the American Psychiatric Association were swapping case histories at their annual convention in Atlantic City, the heard a significant reason for the 20th century jitters.

In a list of better-known reasons, Dr. Iago Galdston of New York City told his associates that disappearance of the American homestead had been a contributing factor.

"A member of a homestead," he explained, "learned a great deal about life and about life's ways. He had before his eyes a sustained parade of births and deaths, of courtships, matches and marriages, of successes and failures, or quarrels and reconciliations, of all the tints and shades in that spectrum of feeling, thought and wisdom that is encompassed in the arce of a full life."

He also had cobwebs, termites, a sense of being pinned down by tradition and more often than not a tremendous itch to shake the dust of the old homestead off his feet.

Unless he was lucky he had the dry rot described by J. P. Marquand in his stories about homestead-ridden New England families. But all of this takes away nothing from Dr Galdston's contention that rooted-down people had a better chance to be free of jitters than nomadic citizens, flitting hither and yon at will, with no roots down at all.

The single flaw in the Galdston contention is its failure to acknowledge why the old homestead has so largely disappeared as a stabilizing influence. It was not planned that way. Its decline was the automatic result of a way of life in which people finally became free to go where they pleased—and most of them pleased to go.

—:—

AT FIRST, they went west. Now they are going everywhere. Rarely does a young man starting out in life assume he must stay in the same place. Even those who establish themselves as property owners do so in the expectation of moving on before the mortgage is lifted.

When "old homesteads" pass from one generation to the next, they are bought more often than not by strangers, because those who inherit them do not want them. They've established themselves in new homesteads. America is the only country which tears down buildings to make room for new ones before the old ones are worn out.

Property in this country rarely acquires sentimental value. Even historic landmarks are lucky to survive the wrecking bar, the slums and the pressing needs of small businesses and professional groups for more space.

If this has been contributing to the jitters, it is only the price of progress. That is the moral to be drawn from the situation—that the American people cannot have progress and placidity too.

Furthermore, what are the psychiatrists crying about? They make their living from jitters, just like wreckers, movers, real estate dealers and everybody else involved in the endless problems of a nation which is here today and gone tomorrow—to the suburbs in a new ranch house or to California in a house trailer.

Marion County History Brevities

By EDNA S. DUTTON

The Christian Church was organized in Marion at the City Hall in 1876. T. D. Garvin was the first minister. The first church of the denomination on North Main St. was completed and first used by the congregation, May 23, 1880. It was built at a cost of $7,000. The Rev. Alexander Campbell, founder of the Cambellites or Disciples of Christ, was a frequent visitor at the home of his sister, Mrs. Joseph Bryant who resided on a large stock farm owned by the family near Marion.

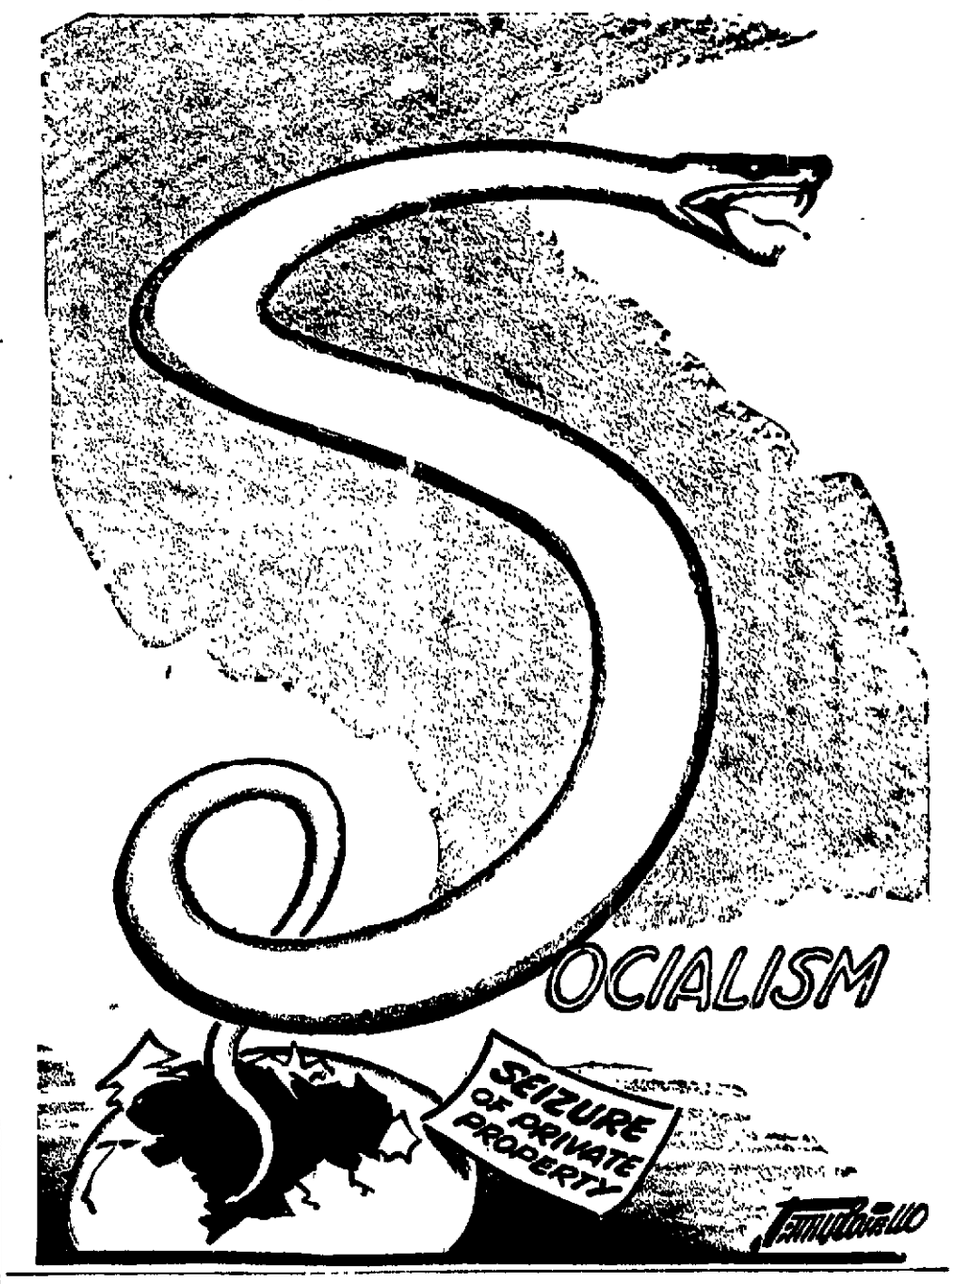
How To Hatch a Snake



Flood Control in Nebraska

By Raymond Moley

LINCOLN, NEB.

DURING THE GREAT Missouri River flood a short time ago, a Republican congressman addressed a telegram to President Truman asking why he did not seize the river. The congressman should be reminded that seizing the Missouri River is exactly what President Truman has been trying to do for a long time. And every time a flood appears he renews his fight.

He and his predecessor tried unsuccessfully to foist upon the people of the Missouri Valley a superauthority modeled upon the TVA. But the people of the Valley, speaking through their governors, congressmen, and senators, have refused to accept this form of Federal control. It is, therefore, most interesting that this state of Nebraska, in the very heart of the Missouri Valley, sent to the Senate for many years George Norris, the father of the TVA and the great spokesman for a series of valley authorities over the nation. The state of Nebraska at last rejected Norris and by every means within its power is opposing the Norris idea of a valley authority.

At some time in the long battle over the control of the Missouri Valley there appeared the famous Pick-Sloan Plan, which would have divided the responsibility for planning in the Valley between the Army Engineers and the Bureau of Reclamation. The people of Nebraska in common with the people of most of the Missouri Valley states are against the Pick-Sloan Plan, too. The simple fact is that these rugged individualists object to any form of federal control of the development of their resources. They are seeking a plan by which they can cooperate with the federal government and still maintain a maximum control, at the local level, of the resources that belong to them. They are eternally right in this stand.

—:—

NOT ONLY are the important factors of local self-government and states' rights involved in this resistance to grandiose federal dams and public works, but the simple facts of engineering. For the building of great dams on the main stem of a river like the Missouri will not cure floods and soil destruction but aggravate them. This was abundantly proved in the great floods of 1951 and 1952.

The sound procedure in controlling floods and in soil conservation is to move back toward the headwaters and then, when the sources are covered, to consider the utility and necessity of major dams.

In the Salt Creek-Wahoo River watershed in Eastern Nebraska, an area twice the size of Rhode Island, a concerted drive is going on by a well-organized and representative group to develop flood control and soil conservation with a maximum of local participation. A major spokesman for this idea is Raymond A. McConnell Jr., editor of the Nebraska State Journal, who said this of the Salt-Wahoo plan:

"One way to establish sound public policy is from the top down. The better way, I think, and the only way that sticks in a democracy, is from the bottom up.

"Since we can define a natural watershed as large or as small as you choose to regard it, we chose as our determining principle that the watershed in which planning is done on a coordinate, overall basis, should be (1) however large as is necessary for a technically sound job of planning and engineering, in conformity with the objective you seek, and (2) at the same time small enough to allow a maximum of local control and participation in setting the pace of the work and allocating fairly the cost of upkeep."

This statement is a good expression of a sound and workable principle.

Hospital Service At Peak

REACHED ALL-TIME HIGH IN 1951

CHICAGO

AMERICAN HOSPITAL service last year reached an all-time high, according to the 31st annual report of the Council on Medical Education and Hospital's of the American Medical Association.

The 6,637 hospitals registered by the council admitted 18,237,118 patients last year, or one every 1.7 seconds. The previous high was established in 1950, when 6,430 registered hospitals admitted 17,023,513 patients, or one every 1.8 seconds. The average daily census was 1,293,653 patients in 1951, as against 1,242,777 in 1950.

Births in hospitals soared to a new peak, with a total of 2,999,371 for last year, or one live baby every 10.7 seconds. The 2,815,806 hospital births in 1950 averaged one every 11.2 seconds. The highest previous total was 2,837,139 in 1947, or one every 11.1 seconds.

The 6,637 registered hospitals in 1951 had a capacity of 1,529,988 beds, which compares with 1,456,935 beds for 6,430 hospitals in 1950. Excluding the years 1943, 1944 and 1945, when federal hospital bed capacities were trebled to handle war casualties, the hospital facilities of the nation last year were at an all-time high.

Last year's capacity was distributed as follows: approximately 47% in general hospitals 48% mental, 6% tuberculosis and 5% other.

Governmental bodies — federal, state and local — controlled three out of every 10 hospitals and provided about seven out of every 10 beds. However, three out of every four admissions were to nongovernmental institutions.

The reason for this is that 55% of governmental hospitals are of the general type, while 18% operate as psychiatric institutions, 16% as tuberculosis hospitals and 11% under other service classifications. On the other hand, 82% of the nongovernmental hospitals are organized for general care, and 18% for other services.

Out of every 1,000 admissions last year, the assignments were to the following hospital classifications: general, 936; psychiatric, 17; children's, 7; hospital departments of institutions, 7; tuberculosis, 6; maternity, 6; isolation, 6; eye, ear, nose and throat, 6; industrial, 3; orthopedic, 2; convalescent, 2; other, 2. Changes from the year before were minor.

The mental hospitals of the nation continued to account for nearly one-half of the bed capacity, the total of 728,187 (48%) being at an all-time high. The 307,010 admissions were slightly under those of the two preceding years, but the average daily census of 697,521 patients reached a new peak, or nearly 10,000 more than the previous high of 687,567 in 1950. Mental patients require a long period of hospitalization. The average occupancy rate was 95.8% of beds available.

In tuberculosis hospitals, the number of admissioners dropped more than 6,000 to 107,181 in 1951, the lowest since 1948. The average daily census of 73,588 was at a new peak—1,218 above the record of 1950. The occupancy rate was 83.3 % of beds available.

In general hospitals as a whole, the average stay per patient last year was 10.1 days, a rate which has been fairly constant for the last three years. Prior thereto, the stay was longer, averaging 15.9 days in 1945. The reduction of 5.8 days applied to the present total of 17,065,821 admissions in the general hospital group would represent an actual saving of 98,981,762 hospital days.

Opening Lock Difficult

FLORENCE, ITALY (AP) — A burglar would need up to two years to open his new type lock, says Dr. Mario Materozzi. That's if he has the key. Because this lock requires both a key and a combination. There is almost no mathematical limit to the number of combinations possible, depending upon the number of notches on the key and tumblers in the lock. Just a small-size lock and key will give from 4,000 to one million possible combinatons.

The Once Over

By H. I. Phillips

The Real Newsreel

NEWBOLD MORRIS has been hired by the Actors' Equity Association as an assistant to the president and empowered to help bring about a merger of professional entertainers' organizations. . . . "I come into show business without experience," he says. . . . Nonsense. Newbold! In those five or six weeks in Washington as Mr. Truman's top prober you saw show biz from more angles than you could observe in a lifetime on Broadway. In that sensational combination mystery drama, farce comedy, flea circus and burlesque variously titled "Hoke-lahoma," "Dan Newbold In Hell," "Guys and Dollars," "Pal Harry," "Top Banana Oil" and "Joint of No Return" you saw everything. . . . Where could you have gone through a greater demonstration of such things as a run-of-the-play contract, a longer period for rehearsals and the importance of assurance that the producer, director and actors are working on the same script?

—:—

You got a grand schooling, Newbold, in old-fashioned vaudeville, knockabout circus routines, the use of straight men by the comics and the various methods of hamming it up. . . . You had a star role in a big-time performance in which each man brought his own scenery, wrote his own script and supplied his own finale. . . . And look what Truman taught you in the art of pantomime! . . . Averell W Harriman has also learned a lot about acting in Washington. . . . Leaping out of the role of shy, nonaggressive member of a supporting cast, he came crashing out of the wings as forceful, ambitious two-fisted candidate for the White House. . . . "There must be two Harrimans," exclaimed one surprised spectator. "Which one is the Tom?"

—:—

Johnny Ray has found a bride. . . . Ceremonies under the weeping willows, of course, with the floral decorations including bleeding hearts. . . . We always wondered whether Johnny could say "I do" without screaming and writhing. . . . And think of the job of finding an organist who can work the words "If your sweetheart sends a letter" into Mendelssohn's Wedding March! . . . Gooseflesh item of the Week: the charge by the Medical Association of New York that there is an increasing group of doctors who use "Ghosts" at operations. . . . The "sit-in" surgeon doesn't show up until the patient is out, he sneaks out before the patient comes out of the anaesthetic.

News of Other Years

TEN YEARS AGO—It was Tuesday, May 19, 1942.

Marshal Semeon Timoshenko's Regarmies were reported hammering the Germans to retreat in the eight-day-old battle of Barkov, advancing between 30 and 40 miles on a 60-mile front, crushing tank-led counterattacks and wiping out Nazi parachute troops.

William J. Gibson, 28, a Harding High School graduate in 1933, was listed as a possible prisoner of war in the Manila Bay area in a telegram received by his mother, Mrs. Sila Gibson of 130 Chicago Ave.

Mrs. Mary C. Hinamon, 69, widow of David M. Hinamon, former Marion County commissioner, died in the home of her daughter, Mrs. H. W. Brewer of two miles north of Marion on the Upper Sandusky Rd.

Three Marion youths, Gene Roberts, Clayton Gifford and Charles Baker, who had left Marion on Monday for Monrovia, Calif., on bicycles, had more than reached their goal for the first day, it was learned. Lima being their destination, they continued for five miles west of Lima, stopping at a roadside camp.

Mrs. Herman Sapp of Harding Highway West was hostess to the Colonial Club, entertaining with a 1 o'clock luncheon.

Mrs. Harry Seiter was installed president at a business and social meeting of the Lioness Club at Hotel Harding.

—:—

TWENTY YEARS AGO — It was Thursday, May 19, 1932.

Speaker Garner of the House of Representatives issued a formal statement in which he made three suggestions to relieve the economic depression. One was a proposal to issue $1 billion in bonds for a government building program, another was to broaden the base of the Reconstruction Finance Corporation with the addition of a bill to place $100 million in the hands of President Hoover to be used in relieving "extreme suffering in any section of the country."

Robert F. Williams announced the program for the annual state convention of the United Commercial Travelers to be held in Marion June 9, 10 and 11.

H. H. Williams, a teacher in the Hickory Grove School near Mt. Victory, and his 17-year-old daughter, June, were among the graduates receiving diplomas with the 1932 senior class of Mt. Victory High School. Mr. Williams had been teaching in the Hardin and Union County Schools over a long period of years after completing his course of study through the eighth grade. Later, in order to obtain a life certificate, he found it necessary to complete his high school work and this accounted for his being in the same class with his daughter.

A daughter was born to Mr. and Mrs. Edward W. Ankney of Grove Ave.

Miss Martha Jane Cook was installed as president of the Tri-Hi Girl Reserves of Harding High School.

One Man's Opinion

By WALTER KIERNAN

They found a tax agent who took a grand piano to fix a stout citizen's slim return but he hopes to prove he was upright before he went grand.

—:—

Another agent took two grand without a piano attached but he has no real property to show for it and even his cell will be on a leased basis.

—:—

The fellow with the piano claims he was not bribed . . . he just appeared to mention he liked music.

—:—

And you know how people are about giving grand pianos to anyone who happens to mention he likes music.

If he said he liked boating, he might have got Central Park lake but he didn't know his own gentle appeal to the tax-paying citizenry.

Anyway, it takes two to make a crooked deal and so far no shortage is reported.

There might be more arrests except that some would embarrass some of our better-known citizens and you know how we are about pointing.

Help Cut Down Accidents, Captain Asks

Captain Clyde H Hamm today cited the sharp increase in traffic accidents and asked Marion residents to cooperate in their reduction

"Main cause of the accidents in Marion is carelessness people are in a big hurry to go nowhere " he said

In April there were 88 accidents and 12 traffic injuries Last year there were 76 accidents and 10 injuries in April.

Capt Hamm warned drivers against leaving for work late and trying to make up the lost time on city streets "There are more vehicles in Marion County now than ever before — about 25 000 That's about one car for every two persons With that amount of traffic on the streets only careful and courteous drivers can halt these accidents " he said

Lima War Vet Cut in Fight

Arm Sliced To Bone by Glass

A Lima soldier just returned from Korea is in Marion City Hospital today with a serious arm wound suffered in a fist fight with his step-father early Sunday morning. His arm was badly cut when it smashed through a window.

The soldier is John Whitaker, 21, who returned from the Korean War only Saturday. He suffered the wound when a Saturday night celebration, held in his honor, erupted into a violent quarrel between Whitaker and his step-father, Franklin Woodall, of near Lima. The fight took place at the home of a friend, Woodlow Shepherd of near Iberia.

Whitaker was listed as being in "fair" condition today by City Hospital attaches. Woodall is receiving treatment for severe body bruises at Galion City Hospital.

Morrow County Deputy Sheriff, Enos Frye said the soldier suffered the cut when he plunged his arm through a glass window. The arm was cut cleanly to the bone by the shattering glass, he said Whitaker continued to fight his step-father and was weakened by the loss of blood He was given blood transfusions at the hospital. Frye said. Neither the deputy nor persons attending the celebration were able to tell exactly what started the fight. An argument broke out and quickly turned into a hand-to-hand fight.

Deputy Frye said no charges had been filed in the case.

Marion and Area Servicemen Due Home From Korea

Two Marion servicemen and three from surrounding communities were returned to the United States over the week end from the Korean battle area while another Marion man is reported to be with a group scheduled to arrive Tuesday, according to an Associated Press dispatch today.

The Navy transport Gen. Nelson M. Walker docked at San Francisco, Calif., Sunday with 3,630 Army combat veterans. In the group were Pfc Kenneth D. Chaney of 358 N. Greenwood St., Cpl James C. Forman of Woodbine Ave., and Cpl Marshall L. Brumett Jr. of Ada, Sgt Dale J. Secord of Kenton, and Pfc Cloyd G Zeger of near Galion

Scheduled to arrive at Seattle, Wash., Tuesday is the Navy transport Joe P Martinez with 1,483 soldiers from the Far East Included in the list of servicemen aboard the ship is Pfc William M. Franklin of 824 Davids St.

It gives this old familiar sign new meaning

WOULD you be interested in getting one gallon free with each tankful of gasoline you buy?

Then we can tell you this. It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is—a skillful driver can just about *double* the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

(1) It's a mixture of gasoline and air that gives you power.

(2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.

But—when you want a quick burst of eager power—you can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course any man who is buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security, confident poise and lordly silence.

And, while he may not admit it, he yearns for a car that's full of fun.

All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.

How about doing that—soon?

Equipment, accessories, trim and models are subject to change without notice.

Inside Labor

By Victor Riesel

HEARD ON THIS BEAT:

A motion picture executive and his good friend, an Ohio political leader, were told by Mr. Truman in the White House the other day that the President will veto Averell Harriman as a presidential nominee to clear the way for Gov. Adlai Stevenson. And right after the Democratic convention, Mr. Truman said he will stump the whistle stops personally in a whirlwind campaign for his party. Mr. Truman indicated that Stevenson was the only man he thought could make a showing against the Republicans . . . .

—:—

AT LEAST 25 SOVIET spies have been carefully traced by a Federal Grand Jury investigating United Nations personnel. These 25 are spying on the U. S. for the Soviets while using their UN jobs as cover. A Dept. of Justice official already has warned Trygve Lie, UN secretary, that the Federal Grand Jury will publicly hand down its presentment asking for indictments unless Lie fires the agents. If they are flushed out by Lie, he will deport them. If not, we'll try them since they don't enjoy Soviet diplomatic immunity.

—:—

PRESIDENT TRUMAN appears to have decided not to replace Charles Wilson, ex-defense mobilizer. So snafued is armament production that all important businessmen approached quietly by White House intermediaries have snubbed the job. The re-armament deadline, once set for mid-1953 has been pushed up to mid-1956, because of the disruption in production of vital weapons . . . .

To bolster our arsenals, however, the government is speeding atomic stockpiling at a furious pace. The other day the Atomic Energy Commission quietly asked the AFL to find 20,000 electricians and other skilled men so it could finally roll out the Hydrogen bomb . . . Federation leaders now are recruiting men across the nation . . . . .

—:—

ALL IS TURMOIL in the underground Communist party. A powerful section of the querulous comrades is in revolt, demanding that Party leaders insist that Moscow permit the American section of the Cominform to revert to policies which will take it into the open again. The "loyal" cadres say that the Party must remain a disciplined revolutionary force and it could best serve Stalin underground . . . So look for vital defections in the Party's top echelons . . . .

—:—

INDECISION in the Democratic Party's highest ranks has cost it the kind of enthusiasm inside labor which alone can make the union's national political machinery a vote-getting force. Result is that both the CIO Political Action Committee and the AFL's Labor League for Political Education are virtually bankrupt. Pac could barely pay salaries and expenses last week. While LLPE is not that impoverished, there "is less than a trickle of money coming in," high AFL leaders were told a few days ago. The rank and file is just not throwing its dollars into labor's political kitties . . . .

—:—

FEDERAL AGENTS have swooped down on several Eastern cities in a coordinated move by various cabinet members to examine the records of big trucking firms and manufacturers—who have branches across country—controlled by the crime syndicates. Operating under the guidance of a special Attorney General out of Jim McInerney's Crimial Division, hawk-eyed investigators of the Racket Squad section of the Treasury Dept.'s Intelligence Unit, are compiling a long list of such firms. Immediately they spot income tax violations, the Justice Dept. will be informed and will move for indictments. This is the first time in over a decade that this tactic has been tried on influential racketeers . . . .

—:—

NOT SO LONG AGO a high official of the notorious District 65, which has a long pro-Communist record, met with several labor leaders in a hotel room and revealed his union was considering the purchase of a seat on the Stock Exchange. It seems that this union, which has jurisdiction over a melange of workers ranging from movie offices to retail stores and fruit fields has been purchasing securities.

As the left winger explained it: "Over the past year we've paid out some $30,000 in commissions. We can get a seat for $40,000 and save money by buying direct on the floor."

—:—

HOLLYWOOD'S producers and studio unions are now wild about television, which they feared so much. Film production is booming, thanks to TV. For each phone call received by the Screen Actors Guild for movie players, there are five demands by TV producers. More actors are working in Hollywood than at any time since the war.

Giving Hollywood that golden touch again is the policy, by commercial sponsors and advertising agencies, of getting away from live TV programs. The shift is to filmed shows. These can be polished and cut to provide better entertainment. One of the scores of leading TV film producers reports to the Guild that if he completes deals now pending with sponsors, his film production alone will give a good living to 800 actors—a phenomenal development. . . .

—:—

IF CIO political strategists have their way you'll soon be getting a shave, haircut and message (correct) from your barber. Delegates to the convention of the CIO Barbers Union were told to put in a good word for labor and its candidates when talking to their customers.

However, they were cautioned to be discreet. No doubt the CIO wants them to work themselves into a lather only for shaving purposes.

TWA Appoints New Manager

Walter Meinzer In Marion Post

New station manager for TWA Airlines at the Marion Municipal Airport is Walter H. Meinzer. He succeeds Kenneth Hart, who has been transferred to Terre Haute, Ind.

Meinzer has been associated with TWA Airlines since 1940, when he started with the operations department in Chicago, except for three years during which he was in service with the Air Corps. He has worked for TWA in France and Tunisia, just returning to the States from the latter place in February, this year. Shortly after his return he was assigned to the Marion Airport.

Entering service in the spring of 1943, Meinzer served with the ground crew of the Air Force, with a portion of the time overseas. He received his discharge while in Paris in the spring of 1946 and immediately went to work with TWA Airlines there. He was at Orly Airport, Paris, France, for four years, the first year as assistant district operations manager and the other three years as district operations manager. TWA started operations at that airport in January, 1946.

From France, Meinzer was sent to El Aouina Airport, Tunis, as district operations manager in charge of both sales and operations. That airport was constructed by the Army Air Force during World War II. He remained there until returning to the States this year.

While in Paris, in August, 1947, Meinzer was married to Miss Denise Coris, whose home was in Paris. They have a four-year-old daughter, Chantal, who was born in the American Hospital in Paris.

The Meinzers plan to make their home in Marion in one of the Windsor Apartments.

Silver Street PTA President Names Committee Heads

New committee chairmen for the Silver Street PTA were named by the incoming president, Mrs. Clarence Pryor, at a recent meeting at the school. She was given a president's pin by the retiring president, Mrs. Donald Strickland, who was in turn given a past president's pin by Mrs. Clifford George. James Hill, principal, gave a short talk on his work during the school year and expressed appreciation for cooperation of teachers and parents.

For a program, the first grade pupils taught by Miss Ann Smeltzer, Mrs. Emily Wolfe and Mrs. Dorothy Shult had devotions. The children gave the Twenty-Third Psalm, the Lord's Prayer, and Pledge of Allegiance to the Flag. With the boys of the second grade, taught by Mrs. Wolfe, they presented several rhythm band numbers and exercises. The award for most parents present went to Mrs. Wolfe's classes.

During business, Mrs. George gave the auditing committee's report. Mr. Hill was instructed to investigate insurance for the school property. A tea honoring sixth grade pupils and their parents was announced for May 23.

Named as chairmen were Mrs. Gertrude Castle, program; Mrs. Strickland, ways and means; Mrs. Mary Bridges, social; Carl Castle, devotions; Mrs. Mary Shields, membership; Mrs. Annabell Persinger, health; Mr. Hill, recreation; Mrs. Violet Price, budget and finance; Mrs. Donna Calbert, publicity; Mrs. Andrew Baker, hospitality; Mrs. Sally Dunnan, magazine; Mrs. Shult, citizenship; Miss Agnes Lutz, welfare; and Mrs. Wolfe, safety.

More Than 100,000 Units Started

1952 Housing Estimate Revised Upward After Big Boom in April

WASHINGTON (INS)—Home building shot past the 100,000 mark in April for the first time in nine months as the nation's construction industry began recovering from mobilization controls.

The Bureau of Labor Statistics reports 108,000 new homes and apartments were put into construction in April, the largest single monthly total since last June when 132,500 dwellings were started.

In some areas, housing output doubled as the springtime building season moved into high gear throughout the nation. Declines were only registered in the south central states.

As a result of higher housing output and further substantial relaxations of building controls, government officials are hurriedly preparing a revised estimate on 1952 construction volume.

Last year, the nation spent about 30 billion dollars for all types of building projects, and the figure was supposed to drop to about 27 billions in 1952 as a result of the defense program.

Officials now feel that construction spending will come close to matching outlays in 1951 with at least one million new homes —started and a greater output of stores, banks and office buildings.

—:—

THE LATEST BLS housing report makes it clear that home building will have clear sailing this year unless a sudden shortage of steel or copper develops in the next few months.

Barring such a development, output of 100,000 homes a month appears to be a good possibility almost until the end of summer. And this could very well help 1952 to become the second best housing year in history.

Due to sharp budget cuts, BLS is unable to tell the full story of what has been happening in housing during the past few months. Such data as housing prices and sizes are missing.

However, the agency says total housing output in April jumped 10 per cent over March and 12 per cent over April a year ago. Private home building increased from 86,000 units in March to 98,500 in April.

Public housing fell from 12,000 to 9,500 dwellings but further increases in government housing operations are expected from now until the end of June.

BLS points out that home building increased mainly in cities with populations ranging from 100,000 to 5 million. Among the larger communities about half were up and the other half down. Three cities showing the biggest increases were Washington, D. C., Dallas, Tex., and Louisville, Ky.

—:—

THE NATION'S BUILDERS should have little trouble after July 1 in starting new grocery stores, shopping centers, garages, service stations, small night clubs and other similar projects.

National Production Authority officials have removed the ban on 47 types of amusement, recreational, and entertainment places and are providing more steel and aluminum for home building.

Some of the larger building projects, not connected with the defense program, probably will have to wait until fall before work can begin because materials are still scarce.

But officials say that by October there should be enough materials for builders to start practically any project they desire, providing, of course, that the copper situation does not worsen.

—:—

THE NATION'S tremendous defense plant construction program is now at its peak and demand for materials are expected to begin dropping.

That's one of the main reasons why NPA can relax controls. But production officials say owners of these brand new factories, plants and facilities are running into new problems.

Shortages or machinery, machine tools and other equipment probably will delay the opening of many of the new plants which will be completely built this year.

Nevertheless, construction is moving ahead and the Commerce Department estimates that outlays for industrial plant expansion now is running at a rate one-third higher than a year ago. In April 205 million dollars were spent by private firms on plant building programs.

Boomerangs which come back to the thrower are said to be mostly toys and seldom used for hunting by the aborigines of Australia.

Red Cross Aids Fire Victims In Union County

Contributions are being received at the Union County Red Cross for cooking utensils, bedding and furniture for Mr. and Mrs. LeRoy Tanner of near Richwood, whose six-room home was burned to the ground on Sunday, May 4.

Mrs. Marie Randall, executive secretary of the Union County Red Cross, reported today that all the family's possessions except a refrigerator, a television set and a small amount of clothing were lost in the blaze.

It is believed the fire started in a defective flue in the chimney, about 9:30 a.m.

The blaze was first noticed by a grandson, Jerry Edwin, 8, staying at the Tanner residence. By the time the Richwood Fire Department was summoned, the fire had already burned all but the few things which were carried out.

Temporarily living at the Tanner home were a son, Louis, his wife and three-year-old daughter of Sidney. Mrs. LeRoy Tanner had returned a week before the fire from Jane M. Case Hospital, Delaware, where she underwent surgery. Her son and daughter-in-law were helping care for her.

Mr. and Mrs. LeRoy Tanner are living with a son Clifton in Richwood until the remodeling on a home across the road from their old home is completed. They expect to move in within three weeks.

Two Jump Before Train Hits Auto

Car Stalls On Tracks at Marion Alley Crossing

Wayne Berry, 40, of 659 Henry St. and a passenger in his auto, D. J. Hogan of 301 W. Columbia St., escaped injury Sunday at 11:24 p.m. when the Berry car was demolished by a west-bound New York Central train. They jumped from the stalled car before it was hit by the train.

The crash occurred at an alley intersection between Main and State Sts. Berry told police he had started across the tracks and the motor stalled when he shifted gears. He could not get it started and when the train was almost upon the car, he and Hogan leaped to safety.

Two parked cars owned by George A. West of 213 Madison Ave. and Wordie T. Whidden of Toledo were damaged Saturday at 5:03 p.m. when a trailer behind a car driven by James H. Seckel, 16, of near Caledonia broke off and smashed into the two cars which were parked on S. High St.

Auto Damaged

A car driven by Mary Lee Dixon of 236 Oak St. was slightly damaged when it collided with another car in an alley just off of N. Main St. Saturday at 6:20 p.m. The driver told police she thought the car in front was turning left but it turned right as she was passing.

Cars driven by George A. Tackett, 20, of 249 Chicago Ave. and one driven by Betty Lou McFarlin, 21, of 364 E. Church St. collided at 5:19 p.m. Sunday. The collision occurred on W. Center St. Police reported slight damage to both vehicles.

Four week-end traffic arrests also were reported by city police.

Ralph Leroy Flinchbaugh, 19, of 302 Blaine Ave. was arrested at 11:42 Saturday night on W. Center St. and was charged with speeding. He posted a $35 bond for a Municipal Court appearance today.

Arrested for Speeding

Alfred John Schrecker, 19, of Piqua posted a $35 bond for a Municipal Court appearance Saturday following his arrest at 9:26 a.m. Sunday. He was arrested on a speeding charge on N. Main St.

Joseph Eugene Yaney, 19, of Bucyrus pleaded guilty to a charge of driving without an operator's license this morning in Municipal Court and was fined $10 and costs. He was arrested Sunday at 4:35 p.m. on N. Main St.

Virgil Allen Kight, 19, of 486 Thompson St. was arrested at 2:20 a.m this morning at the police station and was charged with failing to register a motor vehicle. He was to appear in court today.

Makes New Furniture Look Like Antiques

WEST VANCOUVER, B.C. (UP) —Thomas W. Allwork is a young Englishman who spends weeks building a beautiful solid oak cabinet and then spends more weeks damaging it.

He perpetuates the craftsmanship of a by-gone age by changing new furniture into prized reproductions of 17th century antiques.

Allwork hurries the aging process by staining, bruising and gouging the surfaces of his creations. He likes to fool visitors to his shop.

"Take a look at this centuries-old foot stool," he will say, displaying a month-old stool.

Rungs on the stool are realistically worn as if by the sandaled feet of generations of monks.

Atom Helps Plumbers Find Leaks in Pipes

MILWAUKEE (UP) — Atomic plumbing is here.

Robert P. Honold, secretary of the Wisconsin Master Plumbers Association, said some plumbing contractors are using radioactive isotopes to find leaks in plumbing.

Honold said radioactive iodine is injected into piping and the plumber uses a Samson meter—apparently the plumber's version of the Geiger counter—to find any leaks.

The leak can be pinpointed to a small area by the atomic method, thus saving floors and walls that would have to be ripped up to find leaks by ordinary methods, Honold said.

STILL GRATEFUL

GRAPEVINE, Tex. (UP)—Albert H. Graves, a veteran of both world wars, finally got a medal from one of them—33 years late. A citation of gratitude was signed by the president of France and the mayor of Saint-Mihiel. A letter explained that Graves was one of 100 Texans selected to receive the medal for liberating the French city during a bitter World War I battle.

PLEADS NOT GUILTY

Jerry White of Marion was arraigned this morning in Common Pleas Court on a charge of taking indecent liberties with a girl. He pleaded not guilty. No date was set for the trial.

Box Cars Six Deep After Fast Freight Derails in Crash

SAWYER, Mich. (AP)—Railroad wrecking crews moved into this small southwestern Michigan community today to clear 59 cars of a Chesapeake & Ohio freight train derailed Sunday night in a collision with a light pickup truck.

The freight cars were scattered over a half mile section of the railroad right of way here. Cars were piled six high in the downtown area of the small community located south of Benton Harbor, Mich.

State police reported no persons were killed in the spectacular derailment. Three teen agers, passengers in the truck, were injured critically and taken to St. Joseph's Mercy Hospital in nearby St. Joseph.

They were: Shirley Pratt, 15, and Starr Brightbill, 16, both of New Troy, and Roland Sonnenberg, 16, of Sawyer, Mich.

Police said the three were in the pickup truck which rammed into the middle of the long Grand Rapids to Chicago freight train at a crossing north of here.

Nurse Admits Killing Niece With Arsenic

WETUMPKA, Ala. (AP) — A plain, middle aged nurse napped or sat stolidly in her cell today after cooly confessing to killing a little niece with an arsenic-spiked soda pop.

The 42-year-old hospital head nurse, Mrs. Earle Dennison, denied, however, that she poisoned another niece whose body, exhumed after two years, showed arsenic traces.

Sheriff Lester Holley said Mrs. Dennison confessed in writing Sunday to the death three weeks ago of her two-year-old niece by marriage, Shirley Dinnn Weldon.

Mrs. Dennison even watched the autopsy on the child in which the doctors found the arsenic traces, Holley reported.

Mrs. Dennison was charged with murder on a warrant sworn out by the parents of both children, Mr. and Mrs. O. G. Weldon, a farm couple.

INJURED IN ACCIDENT

GALION — Mrs. Dorothy Cox was seriously injured Friday afternoon when her automobile overturned on Township Road No. 42 west of Amann reservoir, southwest of Galion. The machine skidded on loose stone and rolled over. The car was demolished. Mrs. Cox had been visiting her father-in-law, J. B. Cox, patient in Galion hospital, and was about home, two miles north of Iberia, when the accident occured. She suffered a back and internal injuries and is receiving treatment in Galion City Hospital.

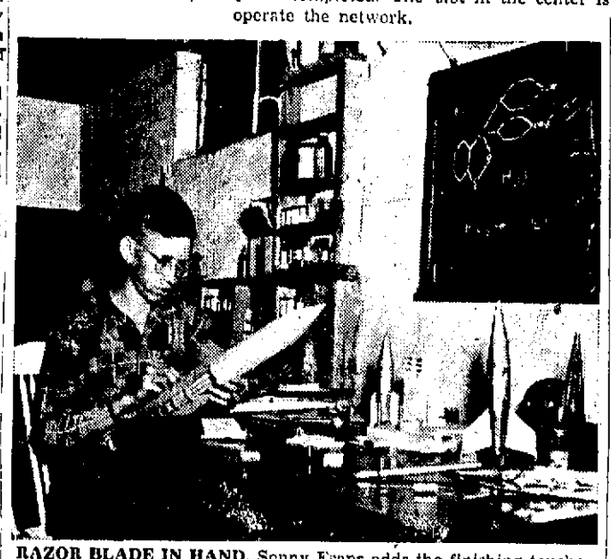
Boy, 14, Makes Junk and Trash Into Model Locomotives and Cars

—Photo by Stewart

LIKE A GIANT IN HIS OWN RAILROAD YARDS. Sonny Frans of near Marion looks over his track setup. All the locomotives in the foreground he made himself out of everything from breakfast food boxes to buttons. He also made the depots, towers, and even much of the track. In the background is scenery he painted, as yet incompleted. The slot in the center is used by the 14-year-old boy to operate the network.



RAZOR BLADE IN HAND. Sonny Frans adds the finishing touches to his newest rocket ship. He plans to add some type of fuel in the tail sections in some of his ships and send them off skyward. The rocket ship in the foreground on the right was built to resemble the one in the movie "Destination Moon."

By GEORGE SCOTT

A breakfast food box, a couple of pieces of wire, a few chunks of wood, buttons, pins, tin cans, and some old paint.

From that valueless pile of junk 14-year-old Russell "Sonny" Frans of near Marion makes a miniature locomotive that looks as close to the real thing as anything you'd see in a department store window.

If you've ever driven out on Cardington Rd. just south of Marion off Rt. 4, you may have seen Sonny on his bicycle headed for the C. & O. railroad tracks. If he can't remember what some feature on a particular locomotive looks like, he hops on his bike, rides to the tracks, and waits for the real McCoy to come by.

—:—

HIS PARENTS, Mr. and Mrs. Luther E. Frans, said he gets only average grades at Pleasant School. Perhaps Sonny is too interested in his hobbies.

And making miniature locomotives is only one of them. He constructs little freight and passenger cars to go with them. In some he even has little people sitting inside on miniature benches.

His railroad display is in the Frans basement where he has built a platform complete with tracks, switches, rail bridges, light posts, and even train depots which he made himself.

Smallest locomotive he's built is only about an inch and a half long. It has everything including a bell, about the size of a small pencil eraser.

—:—

A MOVIE CALLED "Destination Moon" started Sonny on making rocket ships. And his space ships have all the realism of his trains.

To go with his fleet of rocket ships he has built what he calls a "space academy." As for many of his models, he used a picture in a magazine for his inspiration.

Then he got so interested in rocket ships that he decided miniathe inside of an old shed into a control room of a rocket ship. There were seats for his pals and himself. On the walls were dials, levers, and gadgets of all sorts that would be found on a rocket ship.

Add to all this the time he spends with chemistry and you see Sonny is a busy boy. Even mixing with chemicals, he couldn't stop that urge to build. He made his own scales to weigh his chemicals.

—:—

RECENTLY, HE HAD a little spare time so he made a model seismograph and a model spectroscope.

However, trains seem to be his first love. And this is unusual because his father is not in any way connected with railroading. He is employed at the Anthony Laundry on E. Center St.

Both he and Mrs. Frans are pretty proud of Sonny's models. And they have a right to be.

But Sonny himself shows no such pride. His mother has had to stop him many times from tearing apart a locomotive already made when he wanted to use the parts for a new one. He just enjoys translating his ideas into reality with his hands. Someday that may pay him big dividends.

FIRST AID TO AILING HOUSE

—By ROGER C. WHITMAN—

Refinishing Of Woodwork

Q.: My woodwork is of hard pine finished in dark oak. I am having new floors put in so I have removed the old finish from the woodwork and would like to refinish it as light as possible. How can I get away from the yellowish cast?

A.: After removing the old finish, bleach out the wood with a prepared wood bleach in order to make it whiter than it is at present. You can then finish with two coats of a top quality clear varnish. The first coat, when hard and dry, should be rubbed down lightly with "000" sandpaper to dull the gloss. After wiping off the dust, apply the final coat.

VETERAN LOSES JOB

INDIANAPOLIS (AP) —Portly Frank M. McHale has been ousted as Indiana Democratic national committeeman after holding the job 15 years. The state committee has voted 14-8 to replace McHale with Paul Butler, South Bend lawyer.

DEAL "SCARED" HIM. Former head of the defunct Lustron Housing Corp., Carl Strandlund tells senators that he feared his payment of $10,000 to Sen. Joseph McCarthy (R-Wis), for writing a housing article might cause "implications." "It scared me, made me cautious," Strandlund said about the literary deal. The senators are investigating McCarthy's fitness for office.

7 Week-End Accidents On Patrol List

4 Cars Involved In Collision On County Road 26

Seven week-end traffic accidents, two Sunday and five Saturday, were reported by the state highway patrol.

Four cars were involved in an accident which occurred at 5:40 p.m. Sunday on County Road 26, about four miles north of Marion. A car driven by Harry L. Young, 29, of near Bucyrus was hit in the rear by a car which left the scene before patrolmen arrived. Young's car was forced into the rear of a car driven by Robert G. Rose, 23, of 890 Uncapher Ave., which in turn struck the rear of a car driven by Charles Esterline, 23, of near Caledonia.

All four cars were traveling east and were slowing down near the intersection of Route 23. Slight damage to the Young, Rose, and Esterline cars was reported.

A car driven by Stanley Copeland, 19, of 263 Catourette St. was demolished after it went off the road on the left and struck the end of a bridge on Route 203, about five miles southwest of Marion, at 6:05 a.m. Sunday.

Driver Bruised

Copeland was taken by the Hughes ambulance to Marion City Hospital, where he was released after treatment for bruised ribs and lacerations of the right leg and hip.

A tractor and semi-trailer driven by Andy Malackov, 55, of Hanover, N.J., and a car driven by Carl E. Neville, 23, of near Marion collided at the intersection of Route 30-S and County Road 94, about half a mile west of Marion, at 8:30 p.m. Saturday. The vehicles were slightly damaged.

Both drivers were arrested and were cited to appear in Marion Municipal Court today. Malackov was charged with failing to yield the right of way, and Neville was charged with driving left of center.

Four other accidents Saturday involved only one vehicle.

A car driven by Emitt Adams, 28, of 174 N. Grand Ave. struck a produce stand and damaged some fruit 4½ miles south of Marion on Route 23. Adams was driving south at 5:50 p.m. and was turning east at the stand. The front end of his car was slightly damaged.

Auto Hits Pole

Herbert Herman, 22, of Spencer, Tenn., lost control of his car and struck a telephone pole on the left side of the road when he failed to negotiate a curve on Route 42, about a mile north of Mt. Gilead, at 5:30 a.m. His car was extensively damaged.

A tractor and semi-trailer outfit driven by Charles Knadler, 25, of Reading, Pa., struck the side of a bridge on Route 4 in Chatfield at 5 a.m., and then went off the road on the right, striking a telephone pole and a fence. The tractor was demolished and the front of the trailer was damaged.

A car driven by Frank Zabon, 42, of Chicago, Ill., was extensively damaged when it went off the road on the left and struck a telephone pole on Route 30-N, eight miles east of Upper Sandusky, at 7:30 a.m.

CORRECTION

In the Friday night issue of The Star, it was incorrectly reported that Danny Cafagno, 7, son of Mr. and Mrs. Joe Cafagno of 411 Park Blvd. was injured when his bicycle was struck by a car driven by John E. Price of near Marion. The injury occurred when the youth's bicycle struck the rear of the Price car which was parked near Olney Ave. and W. Columbia St.

HOG PRICES UP

CLEVELAND (AP)—Wholesale hog prices climbed more than a $1.00 a hundredweight at the Cleveland Union Stockyards today, reaching their highest point in nine months. Since last Monday, prices have climbed $2.25. Top price paid today was $23.54 for mixed hogs.

Following an illness, Mrs. Compton lost the sight of her left eye, shown covered by patch. Informed that the cornea could be transplanted to some sightless man, woman or child, she asked that the eye be removed and given to some worthy person.

Y Enrollment Drive Planned

The Marion YMCA will open Enrollment Week Tuesday in a drive to register 150 new members of grade and junior high school age during the next week.

Various Gra-Y and Junior Hi-Y Clubs will be divided into six-member teams during the drive and will be competing against each other. Jack Weis is chairman of the drive and is being assisted by Miss Helen May and John Baggs as co-vice chairmen.

The drive kickoff is set for 4:30 Tuesday afternoon with the halfway report meeting scheduled for Friday at 4:30 p.m. Members of the leading team at the halfway report will be awarded free theater tickets while the winning team at the conclusion of the drive next week will be awarded theater passes and an expense paid trip to a Cleveland Indians baseball game. Individual prizes will be awarded the first, second and third place finishers at the drive's conclusion.

Stolen Car Recovered By Marion Police

City police Sunday recovered a stolen car only two hours after it had been stolen.

The car was reported stolen at 8:48 a.m. by Robert McAllister of 215 Forest St. The car had been stolen from in front of the home. At 10:58 police found the car at the extreme north end of True Ave. where it had been deserted after being driven into a large woodpile. Acting Police Chief Justin Cornely said the car was considerably damaged.

Bricker Raps U.N. in Talk To Newsmen

COLUMBUS (AP)—Sen. John W. Bricker (R-Ohio) Sunday told a group of Ohio newspapermen the United Nations is attempting to impose universal thought control.

He addressed the 20th annual convention of the Blue Pencil Club, sponsored by the school of journalism at Ohio State University.

Bricker attacked Article 14 of the U.N. Human Rights covenant saying it would impose "undefined 'penalties, liabilities and restrictions' on the press in the following vaguely defined circumstances:

"'(If necessary) for the protection of national security, public order, safety, health or morals, or of the rights, freedoms or reputations of others'."

He said such control of the press would result in thought control and be "legalization of tyranny."

A. R. Sicuro, managing editor of the Ravenna Evening Record, was elected president of the Blue Pencil Club.

Eugene J. Miller, publisher of the Loudonville Times, was elected vice president, and professor F. W. Maguire of Ohio State University, was re-elected secretary-treasurer.

Patrol Lists 26 Arrests

Twenty six arrests were made on Marion area highways during the week end by state highway patrolmen.

Seventeen drivers were arrested Sunday. Their names, with charges and dispositions of cases, are as follows: Floyd Anderson, 54, Cincinnati, speeding, $10 and costs; James Palmer, 46, near Marion, physical control of a vehicle while under the influence of alcohol; William Sites, 24, Mansfield, stop sign violation, $5 and costs; Arthur Dillon, 33, Ashland, Ky., passing at a railroad crossing, $10 and costs; Lowell Bourns, 47, Mansfield, stop sign violation, $5 and costs; Gertrude Melvin, 54, Coal Grove, O., stop sign violation, in court today; William Barebill, 45, Columbus, passing on a hill, in court May 21.

Cecil Friend, 36, Mansfield, speeding, $10 and costs; Gordon Dobbins, 41, Parma, speeding, $10 and costs; James Wood, 40, Cleveland, speeding, $15 and costs; Jack Stockman, 19, Cleveland, speeding, $15 and costs; David Burnes, 23, Columbus, passing on a hill, $10 and costs; Charles Ranallio, 25, Cleveland, passing at a railroad crossing, $10 and costs; Herbert Fosnaugh, 58, Cleveland, passing at a railroad crossing, $10 and costs; Andrew Wanchisn, 52, Hillsdale, Pa., speeding, $15 and costs; Willis Carter, 40, Mansfield, speeding, in court May 22; Archie Neuwirth, 24, Antigo, Wis., speeding, $15 and costs.

The following drivers were arrested Saturday: Hurthel Jones, 30, Newburg, N. Y., driving left of center, $15 and costs; Marion Lampasone, 32, Springfield, O., speeding, $25 and costs; Finley Nix, 38, Cleveland speeding, $20 and costs; Norman Strathman, 30, Findlay, speeding, $15 and costs; Fred Walker, 42, Marion, Ind., driving left of center, $20 and costs; William Walborn, 33, Toledo, speeding, $15 and costs; William Lonskey, 34, Detroit, Mich., speeding, $15 and costs; Lisa Kise, 23, Delaware, driving a car without a muffler, in court May 22; Patrick Longfellow, 42, Prospect, failure to yield the right of way, in court May 24.

BIG WING TANKS COME DOWN ASSEMBLY LINE. What are described by their builder as the largest wing fuel tanks known to be in production, come from the final assembly line of the Ryan Aeronautical Co. in San Diego, Calif. The tanks, which appear to be hanging in the air, but actually are hanging from an overhead conveyor, are built for installation on wings of the Air Force's Stratojet bomber, the B-47B. Each tank looks big enough to carry a tank truck load of fuel. Exact dimensions and capacity are secret. The tanks can be dropped from a plane when empty.

Geissler High Scorer

Prexies Finish Second In District Track Meet; Nine Qualify For State

Harding's flying trackmen captured second place in the district Class A high school track meet at Delaware Saturday.

The Prexies were edged out by Columbus East in the final event in their quest for Harding's first district championship.

How they placed—East 47, Harding 42, Columbus North 38, Newark 25½, Columbus Central 17, Grove City 16, Columbus West 15, Columbus South 12½, Linden 7, Delaware 2, and Washington Court House 2. Columbus Aquinas, Hilliard, Upper Arlington and Grandview did not score.

It was nip and tuck going into the last event, the mile relay, with East leading the Marion men by a point. East grabbed second and the Prexies failed to place in the race

Harding's Paul Geissler was high scorer of the entire Class A meet with 17½ points. He qualified in four events for the state meet to be held in Columbus Friday and Saturday.

John Ashworth shared individual honors with Geissler. He won the mile and 880 run while Geissler was taking firsts in the 100 and 220.

In all, Harding qualified in nine events in the state meet. The top three men in each event earned the right to compete in the big meet to be held at Ohio State University.

Marion qualifiers were: Geissler in the high jump, 100-yard dash, 220-yard dash, and 180 low hurdles; Ashworth in the mile run and 880 run, Ted Price in the mile; Don Ballinger in the pole vault, Harding's 880 relay team of Jack Garver, Dick Burton, Frank Green and Bill Perry; and Jim Russell in the shot put.

Columbus East, Harding, and Columbus North fought down to the wire for the district crown. One would take the lead and then another would capture it temporarily. The pole vault event ruined North. Then the mile run put the screws to Harding's hopes.

Richwood Second

Worthington which dropped down from Class A this year took the Class B championship with 62¼ points to Richwood's 47. Marysville which won it last year placed fourth.

Pleasant topped the Marion County Schools ending up in a tie for fifth with 10 points.

Class B scores — Worthington 62¼, Richwood 47, University 35, Marysville 26, Pleasant and Hamilton Township 10, Elm Valley 8½, Canal Winchester 7, Claridon 5½, Danville 5, Summit Station 3¼, New Albany 2, Gahanna-Lincoln 1¼, Sunbury 1, and Walnut Township ¼. Magnetic Springs, Morral, Reynoldsburg, and Ashville-Harrison didn't score.

High scorer of the Class B events was Duane Perkins of Richwood with 13½.

Association Clubs Divide Twinbills

By The Associated Press

Two brilliantly pitched games stood out in Sunday's American Association schedule of doubleheaders, all split to keep the standing unchanged

Bill Connelly of Toledo, a 27-year-old righthander who was sent down to Little Rock by the Mud Hens last season, hurled a one-hit, 4-0 shutout against the league-leading Milwaukee Brewers

The Brewers came back for a 1-0 nightcap decision.

Connelly's bid for his second American Association no-hitter since posting one Sept. 6, 1949 against Louisville was ruined in the eighth inning

With two outs, Catcher Al Unser lifted a fluke double over first base which was fair by inches.

Milwaukee's clincher in the nightcap came in the sixth when Bob Montag walked and scored on Billy Klaus' double.

Kansas City, ½ game behind the Brews, defeated Columbus 3-0 on Ed Cereghino's four-hitter but lost the afterpiece 7-6 in extra innings.

Cereghino's shutout was his first in professional ball. Only one of his hits was for extra bases.

Louisville belted St. Paul 21-5 but the Saints rebounded for an 8-7 second game victory.

The biggest of Louisville's total 20 hits was Al Evans' grand slam homer in the sixth.

Minneapolis uncorked an eight-run inning to down Indianapolis 10-7 after the Indians had won the starter 7-3.

LaRance, Drake In Main Event

George Drake will meet Jules LaRance in the main event of Thursday night's wrestling card at the armory. LaRance will be defending his American junior heavyweight crown

Nell Stewart will tangle with Jean Kennedy in another 60-minute bout for two out of three falls. In the 30-minute opener, Farmer Brown will meet Paul Orth.

When a pulled muscle prevented Florida's J. (Pappa) Hall, national collegiate champ, from high jumping in the dual meet with Georgia recently, he entered the shot put event—but failed to place.

NO PARTY GIRL. Completely non-partisan is Betty Ress, employed by a New York concern which turns out campaign buttons, as she wades through the pile of pin-on slogans that swamp her desk. Already 10,000,000 campaign buttons have been ordered by Democratic and Republican organizations. More than 35,000,000 will be turned out before July.

Whips Marino For Flyweight Title

TOKYO (AP)—Yoshiro Shirai of Japan tonight won the world flyweight boxing championship by outpointing Dado Marino of Honolulu in a close 15-round bout.

Marino weighed 112 pounds, Shirai 111.

The decision of the three Japanese officials was unanimous

An estimated 42,000 fans watched the fight.

Ellis P. Hagler, head golf coach at Duke, is a former Alabama football star and has been Blue Devil line coach since 1931.

SPILLS 275 PINS

MILWAUKEE (AP) — Sunday was one of those good shooting days in the American Bowling Congress tournament but scores were not on the sensational side There was only one real thrill and that came in the doubles. Lawrence Drotleff, Cleveland pin spiller, toppled 275 sticks to fall just four pins short of tying the high single game record in that division.

The largest attendance at a Cincinnati Reds' opening game was 35,747 in 1924 when the Reds defeated the Pirates, 6-5.

Seabee Veterans Plan Convention

Final plans were made for the state convention of Seabee Veterans of America, to be held in Marion in June, when Marion Island X6 and the Auxiliary met recently at the Veterans Memorial Home on Delaware Ave Ike Jones presided

Preparations for the convention included the making by the Auxiliary of favors and gifts to be presented those attending. Mrs. Mildred Duffy was a guest. Following business, lunch was served by Mr. and Mrs. Paul Duffy from a table centered with spring flowers. Another meeting will be held May 27.

Wesley Church WSCS Names Delegate

When the Wesley Methodist WSCS met recently, Mrs. Cloy Hartshorn, newly elected president, was named as a delegate to the Lakeside school for the Ohio Conference Methodist women's societies July 20-26. Plans were made for the district meetings in Marion to be held soon. Mrs. Effie McCrery was in charge of a program, with Mrs. Fred Upton as devotional leader, and Mrs. Cora Snedeker, Mrs. Bertha Barkley and Mrs. Dora Clark taking part.

The new list of officers, installed at the church Sunday May 18 at morning worship include, besides Mrs. Hartshorn, Mrs. Byron Rice, vice president, Mrs. Lucille Edington, recording secretary; Mrs. Robert Messenger, treasurer, and Mrs. H. C. Wendler, assistant; Mrs. Ray Humphreys, financial secretary; Mrs. Florence Finley, promotion secretary; Mrs. Lena Williams, secretary for local church work; Mrs. Aubrey Thompson, student work; Mrs. William Reeves, youth work; Mrs Roy Buckingham, children's work; Mrs. Mary Green, spiritual life, Mrs. Paul Culp, literature, Mrs. Minnie Baughman, supply work, and Edward Sawyer, status of women.

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost *more* than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken title to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac car can be.

They simply assumed that *exclusive in quality* means *exclusive in price!* And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of *owning* a Cadillac! For there is no substitute for the sense of pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

It cost them, too, the pleasure of *driving* a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on Cadillac's marvelous handling ease, its superb power and quiet, and on the wonderful rest and relaxation to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many *long-range* economies—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

* * * *

We know that *you* wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are *eighteen different ways to make it!*

So when the time comes—*investigate!* And if you pay the *price* of a Cadillac—be sure that you *get one!*

BETTER LATE THAN NEVER. Bill Huffman, 19, who was graduated from Pratt Junior College at Cunningham, Kas., adjusts the mortarboard of his mother, 62-year-old Mrs. Mabel Mow Hoffman, who was graduated from high school the night before. Mrs. Huffman's secondary education was interrupted before she entered high school by her father's death nearly a half century ago. Since then she's reared six children and has seen 10 grandchildren come into the world. Her husband died three years ago. Next week, another son, Bob, gets his degree from Kansas State College.

Love Triumphant

By ADELE GARRISON

It took some doing to streamline my mental processes before revealing to Harry Underwood the plan I had evolved to insure financial independence for Harry's idolized step-daughter, Marion Morton, and the disabled war veteran, Ronald Brixton, her fiance, whom she was determined to marry.

But I knew that I must get his consent to my scheme without delay, so I squared my shoulders, tried to get my brain in the same position, and faced Harry steadily.

"I want a promise from you before I begin talking," I said firmly, hoping that he did not guess how my insides were quaking.

His eyes were a bit bewildered, but steady, as they met mine.

"Okay, Lady Fair," he said. "Name your promise."

"This is quite a long story," I said, "and part of it may be—distasteful—to you, but—I want your word that you will listen to me without interruption until I have finished."

Startled comprehension leaped into his eyes, and I saw them harden. But he prides himself on keeping his word, and he gave me my answer quickly.

"I promise not to say one word until you have finished," he said, "unless, of course, you ask me a question."

"That is understood," I told him, smiling, but he gave me no answering smile, and I knew, with my mental barometer falling, that he guessed my theme, and was steeling his mind against it. But, unexpectedly, hot anger swept over me, stifling my fright. I was fed up with combating unreasonable resentments and prejudices, I told myself, and put steel into my voice—and my vertebrae—when I spoke.

"I'm going straight to the point without wasting words," I said crisply. "You remember that Robert Savarin wished to leave a fortune, first to Lillian, and when she refused the gift, then to Marion. This Lillian also refused, because she knew what your reaction would be, and because, even if you had not been in existence, she would not have wished to take the gift."

I tossed that bit of sophistry at him with the wild hope that it would alleviate the anger which I saw in his frown and in his eyes at the mention of the legacy from Robert Savarin, the artist with whom Lillian had fallen in love for the first time as a young student under his tutelage, and who had come back into her life at a time when she thought Harry, her husband, had been false both to her and to her country.

I took fresh courage when I saw that the anger, while not wholly vanished, was not as strong as it had been, and went steadily on.

"You also remember, I am sure, that Robert Savarin, on his deathbed, asked me to accept the legacy, making it legally mine, but holding me in honor bound to use it only to insure the financial safety or the happiness of Lillian, or of her daughter.

"As you well know," I went on, "not one penny of that legacy ever has been touched by Lillian or Marion. But I did lend part of it to Samuel Brixton, Ronald's father, when he was facing financial ruin and on the point of suicide.

"That legacy has become most burdensome to me," I finished. "My death would mean a legal tangle, possibly publicity. I am determined to use it to insure the future of Mario and of Ronald and I want your co-operation. Will you give it to me?"

Flying Saucer Stories Rapped By Astronomer

Dr. Otto Struve of U. of California Talks at Delaware

DELAWARE (AP)—A noted astronomer last night rapped the knuckles of magazine editors who print stories suggesting flying saucers are space ships.

Dr. Otto Struve of the University of California Observatory made his views known at the annual gathering of about 40 central Ohio persons interested in studying the stars.

"The scientists ought to resent it when a popular magazine sets itself up as a scientific expert," he told the gathering at Perkins Observatory near here.

"At all times there are phenomena in the universe that scientists can not explain," he said. "There's no proof the flying saucers are coming from Mars or from behind the Iron Curtain."

Articles in several magazines have suggested that perhaps inhabitants of other planets have been getting a close look at the earth for many years by whizzing past in flying saucers.

Tell of Discoveries

The annual discussion also revolved around other subjects.

Dr. Struve told of a Dutch astronomer's discovery of clusters of stars that belong together but which are moving apart.

Dr. Philip C. Keenan of Ohio State University talked about technicum—a radioactive material discovered in some stars that disintegrates in a number of years.

That old question, "Is there life on Mars?" was asked again. Dr. Bengt Stromgren director of Yerkes Observatory at the University of Chicago, didn't give a flat yes or no answer.

He said carbon dioxide has been found on Mars, as well as Polar caps, probably made from frozen water. But he said there is no oxygen, although iron oxides exist.

Radio Waves

Radio waves from stars were discussed by Dr. Stromgren. It hasn't been determined how they originate, Dr. Stromgren said they reveal "a universe almost invisible to us heretofore."

They could come from material made radio active when stars exploded, he said.

Dr. Lyman Spitzer, director of the Princeton University observatory, was moderator. He said it will take years to learn everything that can be about the stars from radio signals.

The matter of radio signals was to come up for further discussion today when Ohio State University's radio-telescope, now under construction, is inspected.

HEAD START IN LIFE. Winsome Toby Snider, 5, of Pittsburgh, feeds her pet red squirrel "Squeeky" from a doll's bottle while her little friend nonchalantly braces himself on the head of the family's pet police dog "Boots." "Squeeky" would be up a tree if "Boots" left him.

Mrs. Thelma Willcox Talks to Church Group

Mrs. Thelma Willcox, religious education director of the Marion public schools, was guest speaker at the recent mother-daughter banquet of the WSWS of the First EUB Church. The dinner was cooked and served by the Men's Brotherhood.

The program opened with a welcome by the president, Mrs. Dan Caldwell. Group singing was followed by prayer by Mrs. S. A. Hill. A toast to mothers was given by Miss Jane Larkin, and Mrs. Ralph Young gave a toast to daughters. Mrs. Kenneth Connolly sang two selections, and a reading was given by Sally Burkepile.

Members of the banquet committee were Mrs. Caldwell and Mrs. J. R. Nickol.

Junior Deputy Sheriff League Started Here

First step toward organizing a Junior Deputy Sheriff's League in Marion County has been completed by Deputy Sheriff Elmer Ullom.

Ullom is volunteer sponsor of the move to form a branch of the league in the county. The plan is part of the program of the National Sheriffs' Association and the group here would be the first in Ohio, Ullom said.

The first definite step will be taken Wednesday night when a meeting has been set at the Prospect Fire Department for boys living in Prospect and Prospect Township. The meeting has been scheduled for 7:30 p.m. and is being held to explain the purpose of the organization. The meeting also is open to parents, Ullom said.

Ullom said the purpose of the league is to educate the youth in law enforcement and juvenile crime prevention and to eliminate gang activities by converting the youths before trouble starts.

Membership is open to boys between the ages of 12 and 17. Ullom said the league is intended to encourage youths and to help them over the rough spots of adolescence by giving them confidence in law-enforcing agencies and friendship with law enforcing officials.

Oatmeal Raisin Casserole Is Tasty Breakfast

Sunday breakfasts are special and your family will agree that you've used some clever tricks to make this one a standout It takes only about 90 minutes to prepare the oatmeal raisin casserole and jam surprise muffins, but your family will be singing your praises for Sundays to come

Oatmeal Raisin Casserole

1½ cups quick or old-fashioned oats uncooked
¼ t salt
½ cup raisins
3 cups boiling water

Place rolled oats, salt and raisins in a casserole Add boiling water cover and bake in a moderate oven (350 F) 15 minutes for quick oats, 20 minutes for other Makes 4 servings

Note The casserole may be baked at 425 F at the same time as the muffins and may be baked until the muffins are done without harming the oatmeal

Jam Surprise Muffins

¼ cup sugar
2 cups ready-mix for pancakes
1 egg, beaten
1½ cups milk
2 T cooking oil or melted shortening
1/3 cup thick jam

Add sugar to pancake ready-mix and stir to blend Combine egg, milk and cooking oil add all at once to ready-mix stirring lightly to mix Batter should be slightly lumpy Fill greased muffin pans half full with batter (⅓ cup batter for large muffin pans) Drop a teaspoon of jam on top of each unbaked muffin Bake in a hot oven (425 F) 15 to 20 minutes or until brown Let stand a few minutes before removing from pan Makes 12 to 18 muffins

Marion Garden Center Notes

DAFFODILS

Daffodils need lifting and dividing every three or four years Too much foliage too few flowers and buds which fail to open are indications that the bulbs are too crowded and need a new start in life The best time to divide and transplant daffodils is just after the foliage has withered but before it has completely disappeared Once the foliage has disappeared the location of the bulbs is largely guesswork Separate from the mother bulb only those bulbs which come away easily Do not tear them off if they adhere firmly The large bulbs are of blooming size and can be replanted The smaller ones will require two or three years to reach blooming size They need to be 'grown on' for another season or two undisturbed until they reach blooming size

In replanting daffodil bulbs the rule is to cover them about three times their own height, measuring from the base of the bulb to its shoulder In a soil of average texture covering to twice the height of the bulb is generally sufficient The bulbs should be set upon a mound of sand This is done for drainage In placing the bulbs allow 10 inches between the larger ones and from 6 to 8 inches between smaller ones

District WSCS Meeting Set

Will Be Held At Epworth Wednesday

Epworth Methodist Church in Marion will entertain Wednesday the denomination's Lima District Woman's Society of Christian Service for morning and afternpon sessions and luncheon at 12:15 p.m. Opening meeting will be at 9:15 a.m., and afternoon program at 1:30. Mrs. Frank McCall of Mt. Victory will preside. New officers will be chosen and installed.

Guest speakers at the two sessions will be Warner Silver, superintendent of Friendly Center at Toledo, social service project of the WSCS, and Miss Dorothy McConnell, editor of World outlook. In the morning, the women will hear also George Schortzer of near Marion, district lay leader, who will present the work of Camp Wesley, new youth camp for the district under construction near Bellefontaine.

The morning session will open with registration and organ meditation by Mrs. Robert Boger of the host church. A meditation will be given by Mrs. Clarence McMillen.

Mrs. Lester L. Dickey, president of the Epworth WSCS, will give a welcome, and Mrs. Dwight Woodworth of Lima, district vice president, will respond. Business will include election of officers, followed by the presentation of Camp Wesley, vocal trio, directed by Mrs. Warren Wise of Marion, and the special address. Noontide prayer preceding the luncheon will be by the host pastor, Dr. V. E. Busler.

An organ prelude to open the afternoon session will be by Mrs. George W. Lane of Marion. Mrs. Charles Searl of Lima will present a monologue, "The WSCS Wagon." A memorial service will be conducted by Mrs. James Ralston of Marion. The address by Miss McConnell will be followed by the installation and charge to the new officers given by Mrs. Harold Kellogg of Lima, wife of the district superintendent, Dr. Kellogg. The benediction will be given by the Rev. Austin Whitmore of Lima.

Convention Delegates Elected by DUV Tent

Delegates for a department convention of Daughters of Union Veterans were named when Harriet Beecher Stowe Tent 48 met Wednesday night at the YMCA. Miss Carol Thomas, Mrs. Clara Partlow and Mrs. Geneva Flocken were chosen delegates to the convention, scheduled June 12 to 14 in Columbus. Mrs. Lena Claypool, Mrs. Martha Melvin and Mrs. Vivian Baker are alternates. Mrs. Flocken gave a reading during the program, which followed a Mothers' Day theme. A social hour and lunch completed the meet May 28 at the YMCA.

IN THE SERVICE

Cpl. Howard Dixon and Cpl. Louis Hackworth are two Galion men who recently received army discharges at Camp Breckinridge, Ky., after services overseas in Korea. Both left Galion, Sept. 6, 1950, with the National Guard Transportation Corps Truck Company, for Fort Riley, Kans. After basic training, the two men left July 9, 1951, for Japan and Korea. Cpl. Dixon is the son of Mr. and Mrs. Jack Dixon of Galion and Hackworth is the son of Mr. and Mrs. Louis Hackworth of Galion.

Richard H. Fairchild, who is undergoing recruit training with the Marine Corps in San Diego, Calif., is the son of Mr. and Mrs. Harlen Fairchild. His mother's name only was mentioned in an earlier account in The Star.

Cecil Brown, U.S. Air Force, husband of Mrs. Joyce Brown of 862 Wilson Ave., has recently been promoted from second class airman to first class. He is stationed at Ashiya, Japan, and has been transferred from a base service squadron to an airborne group there. A 1949 graduate of Harding High School, he attended Columbus Business College before entering the service in January 1951.

John H. Ruhl, airman apprentice, is spending a 14-day leave with his parents, Mr. and Mrs. Kenneth Ruhl of 197 S. High St. He received recruit training at San Diego Naval Training Center and is now stationed at the Naval Air Technical Training Center at Norman, Okla.

RECKLESS DRIVING IS TOO COSTLY

It produces too many needless accidents. Too many lives are sacrificed to speed. Of the million and more lives that have been lost in automobile accidents since the turn of the century a large part can be blamed on reckless driving. Careful drivers live longer. They are the folks we want to insure.

Are you one of them?

Bucyrus Phone Co. Must Install New Equipment

Special to The Star

BUCYRUS—City Solicitor Robert Brown announced here today that the Bucyrus Telephone Co. has been ordered by the Ohio Public Utilities Commission to have its new equipment completely installed and in operation by Oct. 1.

Brown said the order was given to company officials following a recent check by utilities commission engineers of the progress the company has been making in its modernization program.

At a hearing here in January conducted before Robert L. Moulton of Galion, chairman of the utilities commission, approximately a dozen businessmen testified that the company had not made any noticeable improvement in its local or long distance service since it was granted a rate increase last August.

The rate increase, amounting to about 20 per cent, was granted with the proviso that the company proceed with installation of new equipment to improve service and to make monthly reports on its replacement and improvement program.

Craven Elected Head Of First Church Class

James Craven was elected president of the Victory Class of the First EUB Church at a recent meeting in the church. Other new officers are Charles Shupe, vice president; Miss Helen Wyrick, secretary; Carl Uline, assistant secretary; Miss Ruth Hollenbach, treasurer; Miss Gwyneth Coler; assistant treasurer and teacher; Mrs. Mary Geer, assistant teacher.

Miss Charlene Gatton conducted devotions, and prayer was led by Miss Coler, Miss Gatton, and Craven. Miss Beatrice Bishop was a guest.

The first running of the famed Belmont Futurity race was won by Proctor Knott on Sept. 4, 1888.

Widespread Use of Marion Shovels Shown in Magazine

Several of the number of ways in which equipment manufactured at the Marion Power Shovel Co is being used are shown in the current issue of The Marion Groundhog, a magazine published by the Marion Power Shovel Co.

One article reports a shovel with a 40-cubic-yard scoop is moving about 900,000 cubic yards of overburden for the Little Sister Coal Corp. in central Illinois. Dragline shovels built by the Marion Power Shovel are being used to level the overburden piled by the larger shovel.

Work on Reservoir

Another article tells how Marion shovels are being used at the Lookout Point Reservoir project in Oregon. The project is designed to control floods in that area.

The Tidewater Construction Corp. of Norfolk, Va., is making big use of equipment built in Marion in the construction of the Norfolk-Portsmouth, Va., tunnel. The tunnel is designed to speed traffic between the two cities which formerly relied on ferries.

The corporation also completed construction of a nitrate storage warehouse in South Norfolk recently using Marion Power Shovel Co. derricks.

Used in Mexico

Work on the Mexico City Freeway, a highway construction job in Mexico, is progressing on schedule with the help of Marion Power Shovel Co machinery. Huge masses of volcanic rock must be moved before the highway can be built. The freeway is to extend from Mexico City to Acapulco, a distance of 285 miles.

MPS shovels are also used to strip ore in the Mesabi Range for the Cleveland Cliffs Iron Co. The shovels have made the low grade ore pay for itself, the magazine reported.

connection with O'Brien's death.

Dist. Atty. William J. Foley, in whose jurisdiction the Brink's robbery occurred, said he heard nothing from Atty. Gen. Francis E. Kelly, Powers or police. He said he is ready to present evidence to the grand jury if anything develops.

Kelly could not be reached for comment.

—:—

WEST WARWICK, R. I., (INS) —An outbreak of open gang warfare was feared today in the wake of the shotgun slaying of Carlton M. O'Brien, named as one of the "brains" behind the $1,219,000 Brink's robbery.

Meanwhile, Rhode Island Attorney General William E. Powers and Massachusetts Attorney General Francis Kelly scheduled a telephone conference today to discuss the story told by Gagnon and its relation to O'Brien's ambush slaying.

Investigators said that if Gagnon's story is true—that O'Brien was one of the "brains" behind the Brink's robbery — then his death may be the first of a series of gang slayings.

They theorized that if O'Brien was assassinated to insure his silence, then the person or persons who shot him also may be in danger of the same fate—for the same reason.

Shantz, Staley Set Pace For Pitchers In Major Leagues

A's Hurler Shuts Out Tribe For Sixth Verdict

By JOE REICHLER
Associated Press Sports Writer

Little Bobby Shantz and big Gerry Staley, a pair of first-rate pitchers with second division teams, are setting a terrific pace for the other 164 major league hurlers.

Shantz, the 5-7 Philadelphia Athletics' southpaw, Sunday became the first American League pitcher to win six games as he shut out the Cleveland Indians, 2-0. Staley, six-foot St. Louis Cardinals' righthander, became the National League's first seven-game winner as he foiled the Philadelphia Phillies, 4-3.

The 26-year-old Shantz now owns more than half of the seventh-place Athletics' 11 triumphs. Staley, two years older, has registered exactly half of the fifth place Cardinals' 14 victories.

Although 13 pitchers won 20 or more games last year, neither Shantz nor Staley were among them. Bobby bagged 18 wins in 1951 and Staley notched 19. They appear to be headed for their first 20-game seasons in the big leagues.

Shantz surrendered only three hits to achieve his first shutout in the opener of the doubleheader at Cleveland. The Indians came back in the nightcap to register a shutout victory of their own as Mike Garcia blanked the A's, 6-0, despite yielding nine hits. In the opener, Bob Feller was the Cleveland loser, yielding homers to Eddie Joost and Gus Zernial.

Those who belittle the fast April getaway in the major league baseball pennant races should look today at the Indians.

The Tribe has been in first place for 10 days and leads the American League by two and a half games. But only because Cleveland won seven in a row at the outset.

Breaks Even

Three times within the week Cleveland has broken even in two-game series—with New York, Washington and then the A's. Without that sensational April beginning, the Indians would be teetering on the edge of the second division today, with the season one-fifth gone.

The way Shantz and Garcia applied the whitewash brush was as different as the two hurlers themselves.

Shantz, a tiny, blonde southpaw, "had a pretty good curve" Sunday, he said, and he mixed it with a sneaky fast one to win his fifth in a row. He became the first hurler in the loop to post six victories. Winner in his last five games, Shantz has one setback.

Garcia, a giant, dark complectioned righthander, "put it down the middle with all I've got" in the tough spots. His shutout dropped his earned-run average to a mere one run a game.

Joe Dobson of the Chicago White Sox and Garcia are the only other league hurlers now with five triumphs. Mike has lost two, but has won his last four.

The first game was a simple story. Bob Feller was tagged for homers by Eddie Joost in the third and Gus Zernial in the sixth.

Feller yielded only four other hits—all singles—and two walks. Cleveland got only one runner as far as third, as Shantz scattered singles to Larry Doby, Bob Avila and Ray Boone, walked only two and struck out six. Of six runners the Tribe stranded, two were left in the first inning and two in the final frame.

Score In First

The nightcap was won by Cleveland in the second inning when Doby doubled and was singled home by Luke Easter. Bob Kennedy singled Easter to second, and big Luke took third when Gus Zernial dropped Birdie Tebbett's fly. Garcia's fly brought Easter home.

Kennedy, who played third because Al Rosen has an injured thigh muscle, drove home the third Cleveland run in the fourth with a long fly after singles by Dale Mitchell and Easter.

The Indians retained their 2½-game lead in the American League as the second-place Washington Senators split their twin bill with the Chicago White Sox. A bases-loaded single by Ray Coleman produced two sixth-inning runs and gave the White Sox a 6-4 victory after Lou Sleater had pitched the Senators to a 2-1 triumph over Saul Rogovin in the opener.

Boston's Red Sox remained in third place with a 7-4 victory over Detroit while the New York Yankees and St. Louis Browns divided a doubleheader. Vic Raschi hurled a five-hit, 8-1 triumph for New York after the Browns had eked out a 4-3 decision in the first game.

Dodgers In First

Brooklyn took undisputed possession of first place in the National League, thrashing the Chicago Cubs, as the New York Giants were kept idle because of rain. The Giants were scheduled to play two games with the Pittsburgh Pirates.

Rain also washed away the scheduled twin bill between the Cincinnati Reds and Braves in Boston.

Brooklyn collected only four hits but three Bruin hurlers handed out 10 free passes and hit two batters to set up all Brooklyn runs. Unbeaten Preacher Roe helped win his fourth game with a pair of run-scoring singles.

Dick Sisler, former Philly, helped the Cards nip his former mates by belting in two runs with a pair of singles. Staley had a 4-0 lead until the ninth, when Willie Jones shelled him from the mound with a three-run homer.

Veteran Vern Stephens, starting at shortstop for the first time since 1950, smashed a three-run homer, scored twice, was the middle man in two double plays, and handled nine chances flawlessly in Boston's win over Detroit.

Home runs by Bob Cerv, Irv Noren and Gil McDougald made Raschi's task easier as the Yankee righthander pitched his first complete game of the season for his third victory. A pair of former Yankees — Clint Courtney and Duane Pillette—won the opener for the Browns. Courtney's single with two out and the bases loaded in the ninth snapped a 3-3 tie and gave Pillette his fourth win.

TELEVISE BOUT

NEW YORK (AP) — DuMont will televise the Monday night boxing bout between Walter Cartier and Bobo Olson at 8:30 p.m. EST.

BLUE MAN FLIES TO VICTORY. Jockey Conn McCreary has Blue Man literally flying through the air as the chestnut son of Blue Swords races to a three and one-half lengths victory in the Preakness at Pimlico. Blue Man kicks dirt back toward Jampol (right), who finished second and One Count (beside Jampol) which was third. Blue Man ran the mile and three-sixteenths in 1:57 2/5 for victory worth $86,135.

More Sports On Page 13

Blue Man Easy Winner In Preakness

BALTIMORE (AP)—Eddie Arcaro again proved himself a keen judge by saying a month before the Preakness "Blue Man must be quite a horse."

The ace jockey had the turf world agreeing with him today after the way Blue Man took Saturday's 76h Preakness in a breeze. Unfortunately, for Arcaro, he was on one of the nine others Blue Man passed like they were statues in the last three-sixteenths of a mile.

The crop which Blue Man beat in the Preakness included just about all of those able to work at their trade. Which stamps him as the logical choice to take Belmont's last leg of the triple crown June 7 and probable championship of his class.

After the first half of the mile and three-sixteenths race, Jockey Conn McReary had Blue Man in 10th and last place, a good 14 lengths behind pace-setting Primate which wound up fourth.

A the three-quarter, Blue Man was still only ninth and about nine lengths to the bad. Going around the second turn at the end of a mile, Blue Man was fifth.

By the time the pack straightened out of the turn for home, Blue Man was in front and winging easily toward the $86,135 first prize. Max Kahlblum's Jampol was 3½ lengths off in second place and Arcaro took third with One Count another half length away.

Illinois Downs Ohio Twice To Hold Lead

CHICAGO (AP) — Illinois won two out of three games in an unprecedented tripleheader at Ohio State Saturday to maintain its Big Ten baseball pennant drive with a one-game lead over second-place Michigan.

Michigan's chances to keep pace were jolted when rain cancelled its doubleheader against eighth-place Purdue at Ann Arbor.

Ohio State defeated Illinois 6-3 Saturday morning but the Illini came back for 7-1 and 7-3 afternoon victories.

Northwestern swept a twin bill from the Gophers 12-6, with six extra base blows, and 6-2 behind Sophomore George Barvenchak's four-pit pitching.

Wisconsin collected 18 hits to trim Iowa 7-4, but the Hawkeyes took the nightcap 5-2.

Michigan State won a pair from Indiana. The Spartans rallied for three runs in the seventh inning to take the opener 5-3. A five-run sxth gave them the afterpiece 8-2.

PGA Plans Golf Clinic At National Club

By GAYLE TALBOT

NEW YORK (AP) — We are pleased to add to our it-had-to-come department the happy intelligence that a "Mayo Clinic of golf" is in the formulative stage at the PGA National Gulf Club of Dunedin, Fla.

Well, maybe it hasn't gone quite that far. As a matter of fact, the project at this point consists entirely of a vigorous editorial in the magazine "Golf Digest." But no one who knows as many as three golfers can doubt for an instant that the clinic will be founded and that it will flourish.

"The idea," says the Digest, "is that golfers could go to Dunedin for a week, two weeks, or longer, and have a complete check-up, analysis and reconditioning of their golf games, roughly comparable to what medical patients get for their health at the Mayo Clinic."

—:—

IN OTHER WORDS, the works. A man with a fluttering putter and anaemic long irons would be gone over by specialists in each complaint instead of trusting himself, as he has in the past, to a general practitioner. The thought has so much merit that one may only wonder why such an institution was not endowed years ago.

"As we visualize it," the Digest continues, "a 'patient' would be put on a rigid schedule of instruction, practice and play, based upon the length of time he was going to be there and the type and degree of training he needed.

"After an initial examination, during which a student would be classified beginner, intermediate or advanced, he would be assigned to one or more pros for intensive individual coaching during his stay."

It would not even be necessary to staff the various branches of the Dunedin Spa. The place is crawling with professionals from all over the country, especially during the winter when scores of teachers from the snowed-in northern clubs go there to hibernate. As matters stand now, they can keep their touch only by dissecting each other's games, and that could easily breed a feeling of futility.

—:—

COMPLETE RECORDS would be kept on every student," the Digest stipulates, "and each would be given a progress report to take home with him, analyzing faults, outlining remedies and suggesting further training and practice. A copy of this report would also be sent to whatever home town pro the student had designated.

"It is entirely possible that home town pros would receive 'referral fees' for members they sent to the clinic. They certainly would benefit from follow-up and check-up lessons after the student returned home. Eventually sub - clinics, staffed by local pros trained at Dunedin, could be held in other parts of the country at other times of the year."

We do not feel, personally, that this business about "referral fees" should have been brought into the open. It smacks too much of fee-splitting, a practice which is frowned upon in better professional circles. Otherwise, the entire plan strikes one as sound and carefully thought out.

Europe Davis Cuppers In Quarter-Final Play

LONDON (AP) — Only one bracket remained to be filled today in the quarter-final round of the European Zone Davis Cup tennis competition, and thus far there has been no semblance of an upset.

Argentina will meet France, Germany will play Denmark, Belgium will tangle with Sweden and Italy will meet the winner of the England-Yugoslavia match which was scheduled to be completed today.

England has a 2-1 lead in the best-of-five series and needs one singles triumph to advance. British Captain John Gregory, who did not play before, teamed with his star, Tony Mottram, to defeat Stefen Laslo and Josip Palada, 6-4, 1-6, 9-11, 6-2, 6-2, in the doubles match Sunday.

John Kastan who scored 15 touchdowns last season for Boston U is now a member of the New York grid Giants.

Hooper Wins Third Feature; Night Races Set Wednesday

Paul "Dusty" Hooper won his third straight feature race of the season at the Marion Speedway Sunday. The Marion driver also won one of the three elimination heats.

Roy Hobson, who last Sunday set a track record for stock cars, came in second in the feature. Hooper took the lead after the first few laps and held it the rest of the way.

More than 1,500 fans witnessed the Sunday card, which included a "hot dog" race and the Australian pursuit. Ted Rambo of Marion took laurels in the "hot dog" event. In this race, the drivers stop after four laps, eat a hot dog and drink a bottle of pop, and then continue the remaining four laps. The Australian Pursuit race was won by Marion's "Dude" Grice. Hooper came in second and Rambo was third.

Other elimination races were won by Louie Fridley and Harold Stevenson. The fifth race, run for non-money winners, was taken by Hobson.

Cars driven by Fridley and Bill Swearingen collided on the south turn during the fifth race. Both cars were slightly damaged but neither driver was injured. Three other cars left the track during the session but no injuries resulted.

Louis Louck of Marion took honors in the time trials. He circled the half-mile track in 24.62 which was the record prior to one week ago when Hobson made the circuit in 24.36.

The first night session of the season will be held Wednesday at the local track. The National Auto Racing Corporation will sponsor the races, featuring sportsmen class stocks. Time trials are set for 7 p.m. with the first race set to go at 8:30.

MEET IN SEMI FINALS

FINDLAY, O. (INS) — Columbus Aquinas and Lima High schools battle it out on the diamond today in the semi-finals of the Class A Regional baseball tournament. The winner will take on the winner of the Galion-Port-Clinton game for the right to play Friday in the state finals at Columbus.

Sarazen made a double Eagle

Years ago when he won the Masters Golf Tournament in Augusta, he hit one golf ball twice. With these two licks he covered over ¼ of a mile. It was a five par hole. He made it in two shots. Some record! Every day we hang up records. More new friends, more good meals, and more praise from happy guests. Also some record.

SPECIAL MENU TONIGHT

McMillan, Adcock Boost Redleg Hopes

BOSTON (AP) — Cincinnati Manager Luke Sewell is more optimistic than ever his Reds will wind up in the first division this year, but when he points to Joe Adcock and Roy McMillan as his reasons, the batting average reader has good cause to be bewildered.

Adcock shows up mighty strong in the hitting category. He has banged out 31 safeties in 91 times up for a .341 average, including four doubles, four triples and six homers. The outfielder has banged in 16 runs.

McMillan, the youthful Texan who has taken over as first-string shortstop, is down in the books as having a woefully weak .180 batting average. Roy has had only 15 hits out of 85 at bats, although credited with 12 RBI's.

It's his brilliant fielding that convinced Sewell that McMillan could take over at short and that resulted in veteran Shortstop Virgil Stallcup's trade to St. Louis.

The youngster is picking up boosters right and left, with Boston Manager Tommy Holmes remarking just Sunday that McMillan is the finest fielding shortstop to hit the leagues in many a year.

Holmes, asked why he didn't try to get Stallcup, since the Braves obviously are weak at short, replied quickly:

"I never thought too much of Stallcup as a defensive shortstop. But I'm certainly willing to sit down immediately to discuss a trade for McMillan."

The only trouble with Tommy's thoughts on the matter is that Sewell is even more firmly decided that McMillan is going to become a top-ranking defensive infielder.

The Braves and Reds were down for a double-header here Sunday but rain forced postponement of the twin bill. Sewell plans to put his athletes through a two-hour batting drill here today before shoving off for a three-game series at Brooklyn, starting Tuesday.

Bantam Loop Sets Meeting

Commission To Lay Plans for Season

The YMCA Bantam Softball Commission composed of representatives of four service clubs, two fraternal orders and the YMCA will meet tonight at the YMCA to initiate organization of the 1952 Bantam League.

Representatives to the commission from the sponsoring organizations are as follows: Clark Fouts, Kiwanis; Stewart Norris, Rotary; Ray Hinklin, Y Men's Club; Larry Larsen, Lions Club; Tom Maloney, Knights of Columbus; and Harold Deitch, Moose. George Wood, chairman of the YMCA Physical Education Committee, will represent the YMCA on the commission. Area representatives who will again serve during the current season are Clyde Tumbleson, John Prichard, J. Welty and Charles Reid.

The 1952 Bantam Softball League will get underway within two weeks after the conclusion of the YMCA Gra-Y softball program which is conducted each year with the cooperation of the elementary schools of Marion. Slight rules changes to facilitate more efficient administration of the league and to allow more boys to participate will be incorporated in the policies. The Marion Recreational Softball Commission has granted the league use of Garfield Park on Saturday nights to carry out a 10-week schedule of competitive softball.

The meeting tonight at the YMCA is scheduled for 7:30. Persons interested in coaching one of the six Bantam League teams are invited to attend the meeting.

INJURED IN RACE

CINCINNATI (AP) — Robert Cook of Oakley received a head injury Sunday when his car overturned during one of the preliminary heats of the stock car races at Glen Este. He was released from Our Lady of Mercy Hospital after several stitches were taken. Rain forced postponement of the 30-lap feature race after six of the seven scheduled races were completed.

IN THE LAST 2,000 YEARS, ABOUT

40 BILLION PEOPLE HAVE LIVED ON EARTH, BUT—

99% OF ALL PEOPLE HAVE *NEVER* BEEN FREE!

THAT'S WHY ABRAHAM LINCOLN CALLED AMERICA

"...the last best hope of earth"

—FOR ONLY IN AMERICA HAVE PEOPLE BEEN REALLY FREE

ONLY IN AMERICA WAS GOVERNMENT FORMED ON THE PRINCIPLE THAT—

INDIVIDUAL GOD-GIVEN RIGHTS LIMIT WHAT GOVERNMENT MAY DO!

ALL OTHER GOVERNMENTS, THROUGHOUT HISTORY, WERE FORMED ON THE PRINCIPLE THAT *GOVERNMENT LIMITS INDIVIDUAL RIGHTS!*

THUS, THE SURVIVAL OF FREEDOM ON EARTH DEPENDS ON THE SURVIVAL OF AMERICA'S ORIGINAL PRINCIPLES

IF WE EVER FORGET THAT INDIVIDUAL RIGHTS TO LIFE, LIBERTY AND THE RIGHT TO EARN AND HOLD PROPERTY COME FROM GOD AND NOT FROM GOVERNMENT THEN—

AMERICA—"THE LAST BEST HOPE OF EARTH—" WILL NOT SURVIVE!

Copyright 1952, F. W. Overesch

IF FREEDOM IS TO SURVIVE WE AMERICANS MUST INSIST THAT OUR GOVERNMENT LIMIT ITS AUTHORITY TO THIS MORAL PURPOSE

LIFE, LIBERTY, THE RIGHT TO EARN AND HOLD PROPERTY – these three gifts of God preceded all man-made laws and are superior to them.

Therefore, the purpose of our government must be—"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S GOD-GIVEN LIFE, LIBERTY AND THE RIGHT TO EARN AND HOLD PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR GROUP – AND THESE LAWS MUST ALSO PROTECT THE PEOPLE FROM GOVERNMENT ITSELF."

Since an individual cannot lawfully interfere with the Life, Liberty or Property of another individual,—then a moral government cannot lawfully interfere with the Life, Liberty or Property of individuals or groups.

N.Y. Stock Quotations

NEW YORK (INS)—The Stock Market continued to mark time today as Wall Street resigned itself to another record-breaking week of dullness.

Most traders were apparently determined to stand pat pending the Supreme Court ruling on the steel seizure case, and since no decision was expected for another two weeks at least, the prospects for any pick-up in activity appeared none too bright.

Volume in the first hour totaled 150,000 shares as against 220,000 on Friday and 140,000 last month when a two-and-a-half year low of 800,000 shares was set. Total volume last week of 4,862,815 shares was the dullest since August, 1949.

Among the industrial leaders, U.S. Steel was up ⅛; Allied Chemical unchanged; Kennecott unchanged; Radio Corporation up ⅛; General Electric unchanged;

N.Y. Stock Quotations

NEW YORK (INS)—The Stock Market continued to mark time today as Wall Street resigned itself to another record-breaking week of dullness.

Most traders were apparently determined to stand pat pending the Supreme Court ruling on the steel seizure case, and since no decision was expected for another two weeks at least, the prospects for any pick-up in activity appeared none too bright.

Volume in the first hour totaled 130,000 shares as against 220,000 on Friday and 140,000 last month when a two-and-a-half year low of 800,000 shares was set. Total volume last week of 4,862,815 shares was the dullest since August, 1949.

Among the industrial leaders, U.S. Steel was up ⅛; Allied Chemical unchanged; Kennecott unchanged; Radio Corporation up ⅛; General Electric unchanged:

States Granting Cities New Tax Sources

CHICAGO (UP) — States are granting cities greater freedom in obtaining revenue to meet rising costs, according to the Municipal Finance Officers Association.

"The tendency of the past five years for states to give municipalities an opportunity to choose their own revenue sources appeared to continue through 1951," the association said.

"At least 14 states passed laws last year permitting their cities to levy new taxes. These revenue authorization grants were undoubtedly predicated on the urgent need for additional funds with which to meet inflated budgetary costs."

The Gumps — By Gus Edson

WH! AN EDITORIAL PANNING ME BEFORE I START...JUST BECAUSE I TOLD THAT DISTRICT LEADER OFF, THEY START SLINGING MUD AT ME...
"...IT IS RUMORED THAT ANDY GUMP, WHO RUNS A SMALL GENERAL STORE HAS AMBITIONS TO BE PRESIDENT OF THE U.S.A. IT IS TO LAUGH..."
"...ANDY GUMP IS OF LESS IMPORTANCE THAN THE HOLE IN THE DOUGHNUT..." BAH! STUPID ARTICLE...IF THERE WASN'T A HOLE, THERE'D BE NO DOUGHNUT!
